# Barron's ASVAB Flash Cards, 2nd Edition

## Synopsis

Young men and women who enter any branch of the United States Armed Forces (as well as current service members who want to raise their scores) must take the Armed Services Vocational Aptitude Battery (ASVAB), which determines their qualifications for overall military service and aptitude for specialized training. This set of 450 flash cards prepares test takers with questions covering all nine ASVAB subtests, including word knowledge, paragraph comprehension, general science, electronics, shop and automotive information, mechanical comprehension, mathematics knowledge, and "mentally assembling rotated objects. Questions are on the front and answers are on the back of the cards, which measure 4 1/2" x 2 3/4". Cards include a corner punch hole for the enclosed metal key-ring-style card holder. The ring allows users to arrange the cards in any sequence that suits their study needs. These flash cards can be used alone or with Barron's ASVAB test preparation manual.

So, My high-school aged son is dead set on joining the military. His school offered the ASVAB and

he did well. Unfortunately, the choice MOS' require extremely high ASVAB scores. Knowing that we went and convinced the recruiter to retest my son. These flashcards as well as the ASVAB study guide (another brand) helped immensely! My son's retake did the trick by teaching him in subject areas where he had no previous exposure such as electronics and automotive. Money well spent!! If you find my review helpful, please let me know by using the voting buttons. Thank you.

My daughter did not do so well in the exam the first two times once I bought her these cards and she studied she passed with an enough score to get in the Air Force.

Daughter is using these flashcards to assist her with her upcoming ASVAB test. the cards are very handy, after she passes her test I will keep them to use them for myself as a general course refresher.

As I expected, my nephew joining the military used the flashcards as much as the book, so this was an important purchase.

As Expected

We are currently using it and gives us something to think about. We like it.

Good flashcards.

Easy to use
