Criminals can be dumb and sometimes they are so dumb as to be really funny. This book is a collection of stories about dumb criminals from around the United States including the Professor's home state of Florida, criminal dummies from abroad, and drunken dummies from all over. All the stories are true and include Professor Birdsong's witty commentary. The book is sure to deliver some great belly laughs like the one about a transvestite purse snatcher who loses her water-filled condom which she used as a fake breast or the drunken dummy who called 911 to report a slot machine stole his money. ## Customer Reviews

This book was just as funny as Professor Birdsong's other 177 dumbest criminals :international. My only problem with this book was the fact that a couple of entries are in the other book. This is no biggie, but for someone, who likes to read these kinds of stories it can be a wait a minute moment of didn't I just read this a day or two ago. Will I read anymore of his books, yes I will read some more because I like reading about people, who do things that are not very bright especially crooks.

This was not nearly as funny as I had hoped it would be, but there were some that made me laugh. However, almost all of them make you wonder why these criminals ever bothered in the first place: "What were they thinking?" Got it free, had a few laughs, shared the better ones with my husband -all in all not a bad way to spend a lazy summer afternoon. Definitely worth checking out.

This is a fun and quick read. Just read and enjoy. Enjoy a humorous read. A little bit of fun.

lol lol lol - you think you got it bad if you get stuck in a jam this is over the wall funny best book i could not stop laughing out load i was in tears it was so stupid - highly recommended if you want to laugh your butt off!

I really enjoyed this book. It ended too soon, I was hoping for a longer read. Please continue to write more books in the future. This is a good book with humor.

This is one of the most enjoyable books I've read! I love the author's sense of humor when writing about the characters portrayed. The stories are hilarious and the criminals even more hilarious.

A fun book to read mostly when a place was mentioned that you knew would read more books like this

Apparently, criminals do much of the work of apprehending themselves. More, like the ones in this book, and we could save a lot, on criminal justice!
