1. Before I attended this great program, both my life and my finances were in shambles. I was a passenger on earth. But after the first day of the program I began to notice a positive change and a shift in my life. When Dr. Francis spoke, he interrupted the thoughts of failure and lack going on in my mind. He helped restore the belief in me that I could climb the ladder of success and get to the top. He helped change the program that was running in me and helped me become a conscious Creator of my future... After one month, I turned \$100 into \$3,000. You can read my book on titled; "SECRET TO HAVING ALL YOU WANT" I wrote that book after he helped me find my purpose in life and helped me establish my enterprise in less than 3 months. Today am happy to recommend this program to you, it will transform your life and finances. - MICHAEL ENDWELL

2. After I attended the financial coaching program last year 2016, in less than 3 months I started my own business and 3 months later I bought my own house... I recommend this program to anyone who wants more out of life. - JAMES BARNABAS

3. Because of this financial coaching program, I was able to start my own business. Today I am very proud of where I am financially. My life would have still been a mess if not for this program. I will recommend this program to anyone especially women who want to attain financial freedom. I am a very young woman and what I have attained financially still remains a wonder to me. There are people you meet that just have a way of making your life so much better. Dr. Francis is one of them. - POSH

4. What still keeps me wondering is how fast this program transformed me and my finances. This program has turned my whole life around. Because of this Program I have moved from a struggling small business owner to one who employs people. I highly recommend this program... - STANLEY

Customer Reviews

The book had valuable information for which I am grateful, yet it was frustrating to read. The author talks about all of the money he has made yet he has not paid anyone to edit his book to make the words flow smoother. It took me longer to read the book than it should have because of that. Also the continuous blurbs to join the author's coaching program were annoying.

The author did a thorough job of explaining how to increase according to the Word of God. The revelation that is shared will help anyone when faith is applied.

A Great Book with Bible Verses to Back it Up! I can't wait to join his Coaching Program to see Real Results for Myself! Just like his Testimonies state from other People that have been Blessed by his Coaching!

A great eye opener in the fundamentals of God's financial system. Brief and straight to the point... A definite must read to be read with an open mind.

God created you for abundance! He created you in His image. He is not broke, sick, or in lack and neither should you be! Reading this book will help you renew your mind and thinking the way God intended. When I read it, I could feel faith arise and fear and doubt diminish. I can't wait to read it again.

This book is a must for every Christian to read. If you read this book and take action you will definitely prosper!

This book provides a different perspective from a biblical standpoint. There are bible verses that coincide with various topics. It shows you how to think and act differently as it pertains to finance or the lack thereof.

Awesome Book ! I haven't read many books like this maybe it wasn't time. Now the book has come giving me great insight. I am grateful. Thanks Francis Jonah
