Provence & Languedoc Travel Guide - Attractions, Eating, Drinking, Shopping & Places To Stay

Synopsis

Provence's natural beauty endures as resiliently as its Post-Impressionistic artwork now featured in faraway galleries. Fields of purple lavender and vivid sunflowers have been splashed across many a canvas in an attempt to capture the region's natural beauty. Paul Cezanne was born in Provence and the region once inspired Van Gogh, Gauguin, Monet, Renoir, Matisse and Picasso. The port of Marseille is older than France itself and the city of Avignon was once the centre of Christendom. Wherever you go in the Languedoc-Roussillon region you will experience its fine cuisine and Languedoc is now one of the most important wine-producing regions in all of France. Since the 1970s favourite tourist destinations include Palavas-les-Flots, Grau-du-Roi and Cap d'Agde. Visitors also come to experience the art and the history of the region with cities like Carcassonne and Beziers attracting many.

Customer Reviews

Copy machine production. Not what I expected. Written like notes from someone's vacation

this book is essentially worthless - do NOT buy it for any reason.

Found it very interesting & useful, when I was touring that area of France

Great, and useful.
