the book ends at 15% but you do get a HEA with it, and 2 free samples and 1 free full length... Wish it was a little longer the characters chemistry was fantastic,

In Chapter One, Summer had my teeth on edge. Who is this airhead? Is she really the heroine in this book? Help. I can't stand her | But I believe in Sarah J. Brooks, so I forge

onward. Okay, then. So, Summer is a spoiled little rich girl who grew up wanting for nothing and never had to set a goal or actually work toward it. It's a world so far from my own that I have trouble relating. But I forge onward. And then, there is Tyler. I really like Tyler (yummy, hot, hunky, really good dad). And the relationship between him and his kids is melting my heart. And sure enough in true Sarah J. Brooks fashion, there is more to Summer than first meets the eye. Much more. She jumps into her job of being nanny to Tyler's kids with determination. And even when she begins to realize how hard the job of being a caretaker is, she buckles down and tries harder. She has grit and a sense of humor. And a really good heart. And I guess I like her after all. How about that? And Tyler likes her, too. A lot. But she's the nanny so it's hands off. Or is it? Aw, come on that much chemistry isn't gonna stay on the back burner for long. But maybe it's more than just chemistry. Maybe it's love; the whole, messy, family, in love with the kids, in love with the dad, forever kind of love. I received an ARC of this story, and this is my voluntary and honest review.

Wow. When I first started reading this book, I wasn't so sure about it. Summer is one of those girls that I really can't stand. Superficial, all about money and looks. I almost stopped reading it to be honest. However, I AM SO GLAD I DIDN'T! This story really takes you on a roller coaster and an evolution. By the end of this story you will laugh and you will cry. But even better is the transformation that both Tyler and Summer go through and the people that they have become. I really loved this book. It's not really a story about a nanny and her boss. It's more of a story about growing up, finding your true path in life, and finding that one perfect person for you to share it with. I voluntarily reviewed an advanced copy of this book. Review by Christine Stokes I voluntarily reviewed an Advanced Reader's Copy of this book. A hard to put down book filled with humor, emotional at times and last but not least, hot!! Tyler is a widower raising two children and running a billion dollar company. Business takes him away from his children and he needs a dependable nanny to take care of them while he is away. He has gone through quite a few nannies who don't follow instructions. A friend recommended Summer Edwards. Summer is a spoiled rich girl who doesn't seem to know how hard life is as everything comes easy to her. Her parents cut off her source of income which forces her to work. Having been through seven jobs and

with rent due, she needed help from her parents but was denied. Until she received an interview to become a Nanny. Tyler hired her immediately as he noticed how she interacts with his children. Tyler has strong feelings for Summer which he can't act on it as she is his employee. I love the chemistry between Tyler and Summer plus the great relationship she has with his children. The book pulled me in from the first few pages and I was hooked. Their physical attraction was so hot, the pages were on fire. This is a definite must read story!!

Just one click you won't regret it, I already did. Sarah gives us Summer's story. So we all know Summer we met her in Lilli's story and saw her briefly with Anna. So if you loved them Summer going to make your day. We all have that friend that we think to ourselves how does she even survive unsupervised for an hour. That's Summer but now she's cut off and having to make her own way. Lilli arranged for her to live with Patrick but he is growing tired of having to cover her share. So when she messes up again he says figure it out. Tyler needs a nanny like yesterday only problem no lives up to his expectations. He is trying to raise two kids after his wife died. He knows Jason from a few work events. So he calls the fellow single dad. Well the night Summer screws up it's her lucky day because Lilli and Jason are there. He offers to call his friend after a few words she has an interview. Okay I'm going to tell you that this book is so good. There are funny moments, moments where you think omg, and moments you fall in love. This is a must read. I received this book as an arc and I am giving my honest review voluntarily

I voluntarily reviewed a copy of this extremely funny, sexy, heartwarming story Summer Edwards has been cut off by her parents she has to fend for herself get a job and learn to be responsible not just a spoiled rich girl doing nothing with her life. Tyler is a widower with 2 children and he has chased off every nanny with his it has to be my way or no way at all he comes on too strong he has to go out of town and desperately needs a nanny so he'll tame things down he asks a friend and he recommends Summer. Tyler is interviewing someone when Summer shows up and the kids let her in when he comes but he sees her playing with the kids. When Tyler meets Summer he thinks she is gorgeous and there's a definite attraction between the two they can't act on as he's her boss. This is a must read you will laugh out loud and you will cry it's a rollercoaster ride of emotions, humor, very hot steamy sex scenes and some growing pains you don't want to miss this amazing story I highly recommend the characters are great the storyline awesome Sarah J Brooks did a terrific job writing this story I thoroughly enjoyed and so will you for sure.
