## Customer Reviews

Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

This book opened up new experiences for our sax player.

Received th book and it's okay. Not a lot of songs and few of them that I know so it will be used alittle, hoping for more

I can always count on to give the best price for music. I do not even look elsewhere. I do not know of anyother place where I can buy Hal Leonard music for a reduced price.

If you're real good player. You might get a little bored with this book. It was made for intermediate and beginner's I been playing about five years and worked out just great for me. If you are like me intermediate player you love this,

I ordered this book and two others from the "Essential Songs" series. I thought the books would contain the horn parts from the songs. The books contain the vocal melody line transcribed for that particular instrument. I am really not interested in hearing a trombone/tenor sax/trumpet (or any other instrument) play the vocal line to "YMCA". I returned all three books the same day I received them.
