HIGHLY Recommend this guide, wonderful aid for someone seriously looking for information about playing/using/creating in Minecraft!If you havenÃƒÂ¢Ã â ¬Ã â„¢t found a decent guide to show you the basics of building, you canÃƒÂ¢Ã â ¬Ã â„¢t go wrong with this one.Of the 50+ guides IÃƒÂ¢Ã â ¬Ã â„¢ve read through, this is by far the best. ItÃƒÂ¢Ã â ¬Ã â„¢s a please to read, not a chore; written in clear simple easy to understand English.You will find A TON of useful how-to information adaptable to any build. Well illustrated by the author from their own build, so he knows what he is talking about.I look forward to read through his other guides, I hold out high and I expect to be met, expectations for their valuable information and clean and concise details.If itÃƒÂ¢Ã â ¬Ã â„¢s free, donÃƒÂ¢Ã â ¬Ã â„¢t miss it, and if you do, BUY it, itÃƒÂ¢Ã â ¬Ã â„¢s worth the money and then some.

this is a really good book.I like it alot.My castle looks alot better now that I know how to build a tower.this book is the BEST!and now it has a central watchtower to look out for hostile mobs.If this book wasnt published I dont know how my fortress would still be standing! (seriously the amount of creepers that come to it are huge)But now I have a watchtower like I said before.and my castle has

never heard of such thing as damage or pretty much any type of missing pieces because of an explosion. PEACE OUT!
