God speaking to us isn't the issue it's our preparation and readiness to hear. There are so many
ways we let the enemy deceive us. This book helps you look at and search out what is keeping us
from hearing all that God wants to say to us

This book is an excellent resource. If you are struggling to hear God or the do not understand your
time of silence...read this. Sometimes you simply have to adjust your position.

This book was easy to read yet big on ideas and tips to help me prepare to here God's word. The
questions in the GPS area were challenging at times to answer if you are completely honest. The
utilization of Samuel and his child like grace before God shows us just how important it is for us to
be still and open.

A well written book by an excellent Christian speaker. Her ministry is awesome ! This book is
insightful and leads the reader to an awareness of God's presence. Priscilla leads the faith filled
reader into a deeper understanding of the ways in which God is always making Himself present.

I read the reviews on this. I read a small part and I like it already.

good reading

Good book on getting right with God. It causes you to evaluate your relationship with Him and where you truly stand. Most importantly, it offers the opportunity for those who don't know Christ to accept Him and receive salvation.

Moving.
