# Blind

## Synopsis

When Emma Sasha Silver loses her eyesight in a nightmare accident, she must relearn everything from walking across the street to recognizing her own sisters to imagining colors. One of seven children, Emma used to be the invisible kid, but now it seems everyone is watching her. And just as she's about to start high school and try to recover her friendships and former life, one of her classmates is found dead in an apparent suicide. Fifteen and blind, Emma has to untangle what happened and why - in order to see for herself what makes life worth living. Unflinching in its portrayal of Emma's darkest days, yet full of hope and humor, Rachel DeWoskin's brilliant *Blind* is one of those rare books that utterly absorbs the listener into the life and experience of another.

## Customer Reviews

Terrific YA book, recommended to me by my 12 year old grand-daughter. Universal themes, but probably most enjoyed by middle school girls. The book features a young teen girl blinded in a fireworks accident and how she evolves through tremendous anger and despair about "what happened" but eventually ends up at peace with her new life. Lots about her changing relationships with boys, friends and family. Authentic worries and dialogue. And Dewoskin is a wonderful writer!

I love a book that transports me into a different world, one that I think about throughout my day, hearing the voices of the characters and imagining their world. I read it at night and the characters

keep on. This is one of those books. The author's ability to evoke Emma's inner world and her place in the world are remarkable. When my daughter's old enough to read it, I will place it on her bedside table. Buy it, read it, and be transported.

A stunning story of catastrophe and recovery narrated by a dazzling teen-aged warrior woman who chooses to fight for a life beyond the hard wall of facts and circumstances she's been given. Emma achieves an unimagined liberation, and demonstrates for others that a life worth living is within reach.

This book really made me more grateful for my sight but it also made me be more aware of my other senses and now I start paying attention to smells more and stuff. It was also a really good story and I loved the Emma character

This was one of the best books I have read this year. It was very internal and moody and psychologically moving, and I wept at its gorgeous imagery more than once. Not a typical young adult novel at all - thank God. Expertly crafted and beautiful.

It was detailed and cool

It was detailed and cool  
ok umm trying to get 17 words here

Great book! Must read.

Lo at times but very good touching story
