## Synopsis

A fun and kid-friendly introduction to Japanese! The Tuttle Japanese for Kids Flash Cards ebook is an introductory language learning tool especially designed to help children from preschool through early elementary level acquire basic words, phrases, and sentences in Japanese in a fun and easy way. The flashcards can be used as a learning tool in a classroom setting, at home, or anywhere that learning takes place, and can easily be taped around the room for an interactive learning experience. The set contains a total of 64 words organized into thematic categories, including: My Family, Colors, Numbers, Animals, Food, My Body, Clothes, and My Day. All of the words are illustrated; the pictures serve as effective visual aids to help children learn and remember each word's meaning. Words often reflect cultural objects and items and can be studied in any order. Learners may focus on one theme at a time or mix them up for a little more variety. Also included in this ebook is downloadable audio which provides native pronunciation of the words, and sample sentences for practice; sentences that children would use in everyday life. Songs and other activities are also included on the free downloadable audio. Finally, the ebook also includes a wall chart featuring the front of each card for kids to review and a learning guide for teachers and/or parents with tips, activities and more! Once these 64 words are mastered and the child yearns for more, check out Tuttle's MORE Japanese for Kids Flash Cards kit (978-4-8053-0905-6).

## Customer Reviews

My son loves going through these cards and started learning his colors the same day we received them! I like that they are thick and glossy and therefore sturdier than plain flashcards because he's really rough on them sometimes and we've only had to repair minor tears on a couple of them. I will definitely buy the more advanced version once he's mastered these.

Chart is really big but kids like it! The flash cards are nice and we haven't yet used the CDROM. The vocab is super basic. Familial names, numbers, etc., but great for starting out!!

Good, helpful learning tool.

these are great! very usefule!

They are very simple, however, they mix Kanji and Kana together. I don't find it particularly bothersome but I would have liked if the word was not written in romaji in the front. I love the poster and the flashcards themselves are sturdy and fairly large. Plus the CD has about four song which are absolutely fun!!. I will definitely buy the second box.

Purchased for my 12 year old son, perfect for learning some elementary Japanese away from the computer!

I love it!! really loved the pictures and the sentences in the back they're helpful. Thanks!But I wish if they had more cards so I can learn more.

Got the item yesterday, earlier as expected but was a bit disappointed bcoz the CDrom won't play
