Her Body And Other Parties: Stories

Synopsis

A highly anticipated debut by one of the most ferociously gifted young writers working today • (Michelle Huneven) In *Her Body and Other Parties*, Carmen Maria Machado blithely demolishes the arbitrary borders between psychological realism and science fiction, comedy and horror, fantasy and fabulism. While her work has earned her comparisons to Karen Russell and Kelly Link, she has a voice that is all her own. In this electric and provocative debut, Machado bends genre to shape startling narratives that map the realities of women's lives and the violence visited upon their bodies. A wife refuses her husband's entreaties to remove the green ribbon from around her neck. A woman recounts her sexual encounters as a plague slowly consumes humanity. A salesclerk in a mall makes a horrifying discovery within the seams of the store's prom dresses. One woman's surgery-induced weight loss results in an unwanted houseguest. And in the bravura novella "Especially Heinous," Machado reimagines every episode of *Law & Order: Special Victims Unit*, a show we naively assumed had shown it all, generating a phantasmagoric police procedural full of doppelgängers, ghosts, and girls with bells for eyes. Earthy and otherworldly, antic and sexy, queer and caustic, comic and deadly serious, *Her Body and Other Parties* swings from horrific violence to the most exquisite sentiment. In their explosive originality, these stories enlarge the possibilities of contemporary fiction.

Customer Reviews

"She writes with a sincerity I didn't realize I was missing until I found it in these pages; it's rare to encounter an articulation of feminist themes that isn't self-conscious of them. . . .

Machado's work, like her characters, is accessible and nuanced, textured without being overwrought. •The Paris Review, Staff Picks• Machado's debut collection brings together eight stories that showcase her fluency in the bizarre, magical, and sharply frightening depths of the imagination. . . . The fierceness and abundance of sex and desire in these stories, the way emotion is inextricably connected with the concerns of the body, makes even the most outlandish imaginings strangely familiar. Machado writes with furious grace. She plays with form and expectation in ways that are both funny and elegant but never obscure. . . . An exceptional and pungently inventive first book. •Kirkus Reviews, starred review• Machado creates eerie, inventive worlds shimmering with supernatural swerves in this engrossing debut collection. . . . Machado builds entire interior lives through sparse and minor details, turning even litanies of refrigerator contents and free-association on the coming of autumn into memorable meditations on identity and female disempowerment. . . . Machado's slightly slanted world echoes our own in ways that will entertain, challenge, and move readers. •Publishers Weekly, starred review

Carmen Maria Machado's work has appeared in Granta, The New Yorker, NPR, Electric Literature, and elsewhere. She has been nominated for a Nebula Award and a Shirley Jackson Award, and was a finalist for the Calvino Prize. She lives in Philadelphia.
