# The Bookshop On The Corner: A Novel

## Synopsis

Nina Redmond is a librarian with a gift for finding the perfect book for her readers. But can she write her own happy-ever-after? In this valentine to readers, librarians, and book-lovers the world over, the New York Times-bestselling author of *Little Beach Street Bakery* returns with a funny, moving new novel for fans of Nina George's *The Little Paris Bookshop*. Nina is a literary matchmaker. Pairing a reader with that perfect book is her passion | and also her job. Or at least it was. Until yesterday, she was a librarian in the hectic city. But now the job she loved is no more. Determined to make a new life for herself, Nina moves to a sleepy village many miles away. There she buys a van and transforms it into a bookmobile - a mobile bookshop that she drives from neighborhood to neighborhood, changing one life after another with the power of storytelling. From helping her grumpy landlord deliver a lamb, to sharing picnics with a charming train conductor who serenades her with poetry, Nina discovers there's plenty of adventure, magic, and soul in a place that's beginning to feel like home | a place where she just might be able to write her own happy ending.

## Customer Reviews

Love me some Jenny! Read through this in just a few short days! I have read much of her stuff and

can honestly say that she has just improved as a writer. Her earlier stuff is good, but a little longer to devote time to. But all her new stuff, Sweet Shop and Chocolate Shop and all that good English charm stuff is addicting. This one was great because it centers around one of my faves: BOOKS! A dream come true story. Colgan is a must have to my library!

A charming story with many literary references to warm the heart of a book lover. And when was the last time I read a book with a happy ending?

Enjoyable and comforting to read. Cozy. Book lovers will enjoy. Likeable characters. Happy outcomes without being too syrupy. I enjoyed it and will try her other books.

A mouse of a girl is forced to develop courage when her job at the library is deleted. When Nina decides to pursue her dream of owning her own bookshop, she faces some surprisingly unexpected twists on the road. Always a city girl, Nina feels herself blossoming with the sweet Scottish air and the welcoming people she meets. She leaves the gray of city life behind and plunges happily into providing just the right books for the right readers in the Highlands where people actually love to read! The adventures of dealing with a gruff landlord and a romantic train engineer, as well as young Scottish farmers just add to the fun of experiencing a new place to call home.

Enjoyable story. Nina, a quiet introvert, loses her job in a bookshop when it closes and the system modernizes. She can't bear to see books destroyed so stockpiles them. She journeys to a small town, buys a van and starts a book mobile. Though a loner, she is drawn into the community and finds a new life.

If you love books you will want to read *The Bookshop on the Corner*. Nina, 29, a librarian at a London library that is closing decides she will open a bookmobile. She finds a van for sale but it's in Scotland so she goes there and falls in love with the town on the North Sea. There is romance with a local farmer and friendships formed all because Nina was brave enough to leave her comfort zone and reach for her dreams. This story gives one a close look at the Scots and their traditions and it also has some fun parts. There is also a train involved but I'll let you read the book to see the importance of the train. I would recommend this to all women and even men with romance in their heart.

I really enjoyed this book! The characters were endearing, even in their flaws. I enjoyed the story so much I was sad when it was over and will definitely be checking into Colgan's other books.

Loved this story. It was different from standard "romance novels" in that it focused on interesting personal relationships and how they evolved, rather than raw sex. I didn't want it to finish! I have no objection to sexual content, but when it goes on and on page after page of graphic description, it gets old. Ms.Colgan gave us a gently-told love story with interesting characters.
