Completely revised and updated

Followers of the Knopf Guides are well used to the clarity of thought and pictures and the intimate and specialist look at great cities and this guide is no exception. It is sad that there are no recent editions of any of the Knopf City Guides as they are worth their weight in gold.

Very Good

A short while back my wife and I treated ourselves to ten days in Vienna. We chose as our guide the Knopf Guide to Vienna. We found the guide to be complete and accurate in every way. We roamed the streets of Vienna with total confidence because of this publication. The guide's maps were accurate and incredibly easy to follow. The history of the city was most informative and afforded wonderful information for the self-guided tourist. We are planning another trip abroad and will again use one of the Knopf guides. I have used other guides in the past but find the Knopf guide to be far and above those other publications.

I am a frequent visitor to Vienna. While I'm there, I use a guidebook that focuses on food and drink, a citymap and one of the weekly papers (Der Falter). But when I return, I enjoy the rumination and reminiscence of this book. I'm particularly pleased that it incorporates information about the natural setting of the city and I find the cultural information to be useful if brief. A great book for reminiscence.--Lynn Hoffman, author of THE NEW SHORT COURSE IN WINE and the forthcoming novel BANG from Kunati Books. ISBN 9781601640005

This is perhaps the worst-arranged guidebook I've encountered. It skips baseline information in preference for beautiful illustrations. There are many nuggets of information about the city's history and culture - including 11 pages on its birds and squirrels - but you're left not knowing that the city is divided into numbered districts, that you have to get your subway tickets time-stamped, and how to tip. Impractical, frustrating and not worth the room in your suitcase.
