Many, if not most, of our cultural problemsâ "divorce, abortion, juvenile crime, fatherlessnessâ "can be traced back to the failure of a man. Ironically, itâ™s a man who got up in the morning hoping to succeed. When you help men develop their roots, youâ™ll find more and more men move beyond being involved in your ministry for what they can get. Youâ™ll have men who want to help other men experience what God has done for them. There are no âœFive Easy Steps to an Effective Menâ™s Ministry.â • There arenâ™t even five hard steps. It just doesnâ™t work that way. We

explain why and how to disciple men, but we don't specify exactly what you should do. Instead, we will help you plan your own concrete next steps according to the culture and needs of your church. This is our life's work. Helping church leaders disciple men is what we do. We have the privilege of waking up every day focused on how to disciple men in the church your church. We will be honored if God uses this book to make your efforts more effective and your path a little easier. "From No Man Left Behind

God has prepared a resource for our greatest need in the church today: to attract and sustain the involvement of men in church and our society. The social impact of men leaving families, church and community groups has left a huge gap in the lives of men, women and children. This guideline can help men and churches change the current trend in our society. Grateful for the motivation and positive message. Commit myself to be a difference maker.

There are other reviewers who go a lot more in depth, so I am only going to add a little bit. I am about halfway through the book and it has been phenomenal so far. This book will really guide you into making a successful men's ministry. Of course every man must make the choice for themselves. Each ministry will be different, but this book will really give your ministry the foundation it needs to thrive. I recommend this to any man in a leadership position within your men's ministry.

This book was needed by my husband for an Advanced Lay Speaker training class and was very informative. He will be using it throughout his ministry as a tool to bring others into the church in hopes of making disciples to carry on within the churches in our community.

This book is exactly what I have been looking for. It gave me a path to run on, building blocks for the foundation.

Every men's pastor should have this book. It is full of great information and challenging questions. If you want to disciple the men of your church you need to read this.

A very good read and real help in building your men's ministry, and has many useful Godly tips that work in your daily business life.

Thoroughly enjoyed this book and look forward to implementing the procedures described in this

book. I recommend this book to any one in men's ministry of any kind.

Good product, good price and great delivery time!
