Our Honeymoon Journal (Interactive Journals)

Synopsis

"Our Honeymoon Journal" will become a precious keepsake of your first few weeks together as a married couple. The Journal begins with *Before We Go*, which contains helpful destination and packing tips and a checklist of what to arrange before your trip. In *Our Trip*, there are special pages to document the places you visited, special meals you tried, and even the books you read and music you listened to together. Once you get to your destination, you can relax and think about your Honeymoon Diary. There's space here for you to reflect on memories of your wedding, plenty of lined diary pages for you to fill in day by day, and blank scrapbook pages, too. Finally, a Honeymoon Photos chapter, filled with photographic paper, lets you get creative with photos and sketches.

I ordered this journal for my upcoming honeymoon in Hawaii because I don't want to forget one

moment of this glorious time!The Journal is so much more than I expected. It is sectioned off with "Before you go", "while you are there", "when you return", etc. There are spots for both the bride and groom to journal which is amazing! There is a section in the back for honeymoon photos...which would be the perfect place for your most special or favorite photo's as there are about 8-10 pages. The product is very durable. I would highly recommend this for anyone honeymooning anywhere as time does fade the memories :)

I bought this for my niece for her wedding shower. She absolutely loved it. So did everyone there, they were writing down the name of the journal so they could go online and order it as well. Would highly recommend this for anyone getting married.

VERY impressed with this honeymoon journal for the cheap price that it was! Arrived alot sooner than I expected (that's always exciting!) I would pay for this over and over at the great price it was. Alot cheaper on than in book stores. Book is very nicely made and put together, solid structure. Can't wait to use! HIGHLY recommend!

This was adorable. It has sections for each part of your journey! I can't wait to look back on the details of my honeymoon that will fade over time! I also like that my children and grandchildren will have written accounts of my experience! Awesome! I wish I had something like this from people I love who have passed.

I bought this book for friends who were getting married in Jamaica. It was perfect for them. They were able to take it along and chronicle the whole wedding and honeymoon experience.

Looking forward to putting all my memories into this book for my honeymoon...Big book..good size....lots of room for many memories...
