Customer Reviews

Older edition, but helpful in that it applies to the Legal Field and Consulting. Looking forward to when a new up-to-date edition is published.

This book is easy to read and easy to follow IF you have the version of Timeslips for which it was written. It is, however, specific to Version 7 and the current version in use is 10.1 which is quite different. Version 10.1 is so different from Version 7 that this book is totally useless for the new version.
