A Gracious Space: Fall: Daily Reflections To Sustain Your Homeschooling Commitment (Volume 1)

Synopsis

Homeschooling parents looking for support in this daunting commitment will find it in *A Gracious Space*. This volume provides daily readings that offer insights into the home education experience, as well as supplies encouragement, inspiration, and companionship on the journey. The entries are honest reflections drawn from Julie's life and her interaction with the thousands of homeschoolers that are members of the Brave Writer community. Each entry is accompanied by a "quote of the day" written by a parent like you, or a notable individual. The day's entry is concluded with a "sustaining thought" to take with you. If you are looking for a safe space to reflect on your homeschooling life, free of buzz words, rigid application of ideology, and excessive cheeriness, this little volume may be just the right reading. Sink into your real lived experience, and read an entry a day to find strength and resources to keep going. May your home be a reflection of who you are, and a gracious space for growth and learning.

This book is full of daily encouragement for Homeschool Moms! Just like having a cup of coffee with a more experienced Homeschool Mama before you get your day off to a good start. A Gracious Space is one of my favorite books to keep me on track to my Homeschool goals that are most important to me, especially the relationships. If you want to hear Julie Bogart each morning read it you can find that over on the Brave Writer page, I love having this book for my own personal quiet times as well! There is one book for each season during the school year, snatch up the fall version and check it out!

My wife purchased this as a morning read for homeschool inspiration and has never been happier. She looks forward to her morning reading and Julie is witty, eloquent, inspirational and manages to talk to the fears in all of us. Thank you for such a wonderful book!

This book has been such a breath of fresh air in my homeschool. It is so inspiring and allows me to stretch myself and also give us grace when things don't go according to plan. It encourages magic and I can't recommend it enough.

I absolutely adored this book. I am fairly new to homeschool, but whether you are new or not you will definitely find encouragement and even great advice for your homeschool, and parenting.

SO much support and inspiration for homeschoolers (and really every parent) in this book! Julie Bogart has changed our homeschool forever and I am so thankful for her! It really is a must read!

Daily encouragement for homeschooling moms. The perfect daily companion, it forces me to take a deep breath and trust the process.

Such an encouraging book for the homeschool mom, both brand new and "veteran." Thank you, Julie, for providing a gracious space for us to be uplifted and affirmed.

Such beautiful and eloquent essays for moms. It helps me get through the days by reminding me of what this homeschool and mothering journey is all about.
