### Customer Reviews

This coloring book is perfect for little ones. Big pictures of cars ... and my boys love cars! Thumbs up!

I purchased this for my nephew for his birthday. He loves it. He proudly shows of each piece that he reveals.

Good.

You Rock! The boy was so happy to receive his coloring book. Thank you. The delivery was speedy.

3 and 4 year old loved it! Standard coloring book!

#### Son loved it!

My 5 y.o. son is crazy about CARS and when he got this book today he thought it was awesome and he wanted to look at all the pictures right away, he didn't even let me take a peep.Now a grown ups point of view. If your child colors with crayons and pencils then this book is great, the pictures are really well done, and the paper is bright white, but if your child (like mine) likes to color with markers like sharpies, bic or ohuhu then you may have to do what I did, copy his/her favorite pages onto thick white paper. The pages on this book do not come off for easy coping or hanging. Also the pictures are on both sides of the paper, another reason you can't use markers. The book is divided into 3 parts, cars, cars 2, cars 3. And tells a story. The papers is thin maybe 20lbs. Now a moms point of view if my son is happy I am happy  $\tilde{A}$   $\hat{A}$ 

Again, my grandson was thrilled to open this gift on his birthday. I highly recommend!
