The Illuminati: The Secret Society That Hijacked The World

Synopsis

Chilling initiations. Big banks and money manipulations. Possible links to the Rockefellers, Rothschilds, Adamases, and Bushes. Reviewing the evidence, documents, and connections, *The Illuminati: The Secret Society That Hijacked the World* by award-winning journalist and author Jim Marrs shines a light on the history, workings, continuing influence, and pernicious and hidden power of this secret order. Surveying experts from those who dismiss the Illuminati as a short-lived group of little consequence to skeptics who dare question the government's accounts and pronouncements; Marrs cuts through the wild speculation and the attempts to silence critical thinkers to tell the true story of this secret cabal. He investigates their origin as "The Ancient and Illuminated Seers of Bavaria," the depiction on the United States one-dollar bill of an all-seeing eye and pyramid on the reverse of the Great Seal of the United States, the Protocols or procedures for usurping national governments and gaining world domination, the symbolism found in today's international corporate logos, Knights Templar, assassins, Skull and Bones, whistle blowers, the revolutions in France, Russia, and America, and much, much more. Wealth, power, and intrigue come together in this in-depth exposé on the Illuminati, their history, connections to powerful people, and their place in modern America.

"... the truth of the Illuminati is revealed. ... Jim Marrs, being the analytical sleuth that he is, puts all of the puzzle pieces together ..." — JazmaOnline

Jim Marrs is an award-winning journalist and author. After graduating from the University of North Texas with a degree in journalism, he worked for and owned several Texas newspapers before becoming an independent journalist/author. He is the author of the New York Times bestsellers *Crossfire: The Plot That Killed Kennedy*, which was the basis for the Oliver Stone film *JFK*, and *Rule by Secrecy*. His in-depth overview of the UFO phenomenon, *Alien Agenda*, is the top-selling non-fiction book on UFOs in the world, and it is available in several foreign languages. He is a frequent guest on national radio and television talk-show programs. Marrs lives somewhere in Texas.

In his initial foray, *Crossfire: The Plot That Killed Kennedy*, Marrs cemented himself as a top-tier caliber researcher not afraid to question the official narrative, and rightly so. In *Rule By Secrecy*, Marrs followed suit connecting the dots between the secret societies known as Freemasons, The Trilateral Commission with the mysterious Great Pyramids, and even more. Marrs' insatiable thirst for mystery showed us with *The Rise Of The Fourth Reich* that there were not only malignant fascist elements embedded deep within America, but they remain unchecked, as the blatant rise of fascism is taking hold will show. *Population Control* showed us that the controllers have a completely different plan that doesn't involve most of the global populace. Now, in *The Illuminati*, Marrs continues his high level of research exposing what is arguably the most well known secret society of them all: The Illuminati. The book delves into (1) the Origins of the order in a rather extensive overview. It also covers how (2) Germany, (3) Zionism, (4) Freemasons, all connect. From there, how the (5) Church connects into this is given a cursory glance. The (6) Methodology employed by the Illuminati is covered in reasonable fashion, while the (7) Suppression of the order is also examined. What role the Illuminati played in the (8) Revolutions of France, America and Russia is reviewed, while the (9) Modern Illuminati and its influences in (10) Pop Culture as gone through as well. Overall, the evolution of the order is catalogued quite well by Marrs, as well as many of the implications therein. Many avenues of information are examined, some more than others, but a vast array of information is brought to bear for incisive individuals to follow upon. Given that humanity is at a crossroads between a tsunami of fake news and a vortex of deception with many hidden agendas behind the scenes, one of the main values of this book will be in individuals coming to realize that there is in fact veracity to some of what they hear about the Illuminati. The Illuminati will be an indispensable resource for understanding our current world and how many of the systemic issues have come about. Anyone who has ever contemplated how this

has historically taken place needs to read this book. All who have read an of Marris work know what to expect. For those that haven't, this is an excellent starting point. But realize the trails that the author has shed light upon are merely starting point.

Rest In Paradise...Jim MARRS,U Will Be Missed! U have helped me personally understand in many ways through your books,confetences,etc.WE ARE THE LAST OF A DYING BREED,Stay Strong and Prepared For Anything!Thanx for ALL your research and dedication,I/WE (humanity) Will Keep Surviving! * Ephesians 6:11-13 *

Everything about Everything you didn't know you needed to know from the pen of a 32nd degree freemason.

I received my book in the mail today from . It is one captivating read! I can almost hear Jim reading it to me in that Texas accent! I put it down after 100 pages to get a snack and then I'm going to get as far as I can tonight. One of the more engaging books that I've read in a while. Buy the book!

Jim Marris has done an incredible job researching and compiling vast amounts of information into this thoroughly fascinating and well documented book. His knack for digging deep and discovering the truth - however unlikely it may seem to a casual observer - shines brightly in this eminently well-done work. For those who have never looked beyond the surface of major events that have occurred and continue to occur - this is truly a one-stop shopping trip to catch up on what's really going on in the world. And being that journalists that have spoken out against this kind of power often end up marginalized or worse in our controlled and heavily propagandized media landscape - Jim should be also commended on his tremendous courage to dare to tell some very inconvenient truths. Highly recommend this book for all those who want to know more about the real men behind the curtains of political power and banking wealth.

Another fantastic tour-de-force by the indefatigable Jim Marris! Absolutely astonishing! What a great writer!

Jim Marris is well-known for his extensive research on the subjects he writes about, & this book is no exception. Going back to the time of the ancient Egyptian & Greek Mystery Schools, the author

traces many intertwining secret societies, exposing the truth about who is really ruling this planet. Like the rest of his books, this one is a page-turner.

This book is worth the price and more. So much research went into it.
