Customer Reviews

If you are thinking of downsizing or decluttering then this is the right book for you. I would

recommend you pick it up on a Saturday morning though, because you may find yourself in a manic decluttering state for the rest of the weekend. It states some obvious things, like pick a room and get rid of stuff, but then it asks questions that make you realize how much junk you have been holding onto that you can let go of. It also suggests ways to arrange and organize things so the clutter from piling up again.

Nicely written guide on minimalist living. This is something I'm been working on doing recently, and I learned quite a lot from just the first few chapters. Great job.
