Very entertaining.

I purchased this book for my sister in-law who loves wine and coloring! It has 33 pictures with fun, humorous and snarky quotes about wine. The pictures are of women relaxing, shopping, dining and more all while enjoying a glass of wine. If you love wine you will love this coloring book. The pictures are all one sided with the back of the page being black. There is an area on the black page that says paste label here. I can only assume it is for the label of the wine bottle you are currently enjoying. The paper is a medium weight and my sister had no trouble with bleed through when using gel pens or markers. She had minor bleed through when using alcohol markers so I would recommend placing a bleeder sheet in between pages. The pages are not perforated but the picture does not go into the center allowing you enough space to either tear out or cut the page from the book for either sharing or framing. This would be a fun book to share at a coloring party while enjoying a glass of wine! This is definitely a great gift for the wine lover in your family

#WINELIFE features 33 pages of snarky quotes about wine that you don't have to be a connoisseur to enjoy. Each page is a quote that is accompanied by a fun drawing that includes girlfriends celebrating, shopping for wine, and other wine-related things. The illustrations are one side of page only. The back of each page is black, but has a frame that says 'paste label here' so I assume that is for the wine label that you might peel off because you've been imbibing while coloring. Hey, who doesn't like to settle in after a long day, pour a glass, and color for a bit? The paper is medium thickness. I used markers, and had no bleed-thru. Each image stops well before the spine so you can easily tear or cut out a page. No perforations. Some of the fun quotes include: "Keep your friends close. Keep your vino closer." "I make pour decisions." "I'm having fruit salad for dinner. Well, it's mostly grapes. Ok, all grapes. Fermented grapes. Fine, I'm having wine for dinner." The whole book is a lot of fun, and if you enjoy a glass or two every now and then, this book would be a great accompaniment. Or give it as a gift to your favorite vintner or wine aficionado. But do you really need a reason to imbibe in this book? I think not!

I absolutely love this book. It has quotes and beautiful illustrations on every page. There is even a space to paste the label to the wine you are drinking while you are coloring. It's awesome! I would Def recommend as a stress reliever or for humorous creativity. I love it.
