From the same creative team behind the New York Times bestselling Adventure Time Encyclopaedia, this in-world compendium of all things Oooian is a filled tome true to the

imagination, innovation, and heart of Adventure Time. • (BoingBoing) • The Enchiridion & Marcy's Super Secret Scrapbook is an experimental text that would easily find a place on a Postmodern Lit syllabus. It's kind of like Mark Z. Danielewski's House of Leaves for kids. Well, not really for kids in general. For smart kids or adventurous teens. Or adults who are smart kids or adventurous teens at heart. • (Comics Bulletin) • Chock-full of colorful illustrations and fun facts to further immerse fans into the deeply imaginative world of the show. • (The A.V. Club)

Martin and Olivia Olson are an actual father and daughter who play an evil father and daughter on Cartoon Network's Adventure Time. Olivia is an actress, singer-songwriter, and recording artist who plays Marceline the Vampire Queen. As a songwriter, she wrote and sang songs for Disney's Phineas and Ferb. Olivia also sang "All I Want for Christmas Is You" in the classic film Love Actually. She wrote most of Marcy's Super Secret Scrapbook!!! Martin is a comedy writer, songwriter, and poet who plays Hunson Abadeer, Lord of Evil, on Adventure Time. As a television writer, he has received four Emmy nominations. Martin is known for writing Phineas and Ferb, the New York Times bestselling Adventure Time Encyclopaedia (Abrams, 2013), and his satirical book Encyclopaedia of Hell (Feral House, 2011). They live in Los Angeles.

Before I had this book, I didn't know what it took to be hero. Now I know I'll need a sword at least, and a healthy distaste for wizards. Beware though, this book is not some novelty item. It is long and detailed with a healthy backstory of the Adventure Time universe. My daughter loves Marceline, so she got a big kick out of it.

The Enchiridion half: It has all the humor of the show with a few nods to the overall mythology of the show thrown in. It doesn't give you insight into individual characters, but you have the sense it was written from the perspective of someone important from the AT universe long ago. Fans will love the scrap book half of the book because it gives you insight into Simon before he wore the crown, his time in the apocalypse with Marceline struggling against the crown's influence, Marceline's adolescence, and her time spent vampire hunting as seen on the show.

Great great book! I am a HUGE Adventure Time fan and this book was simply fantastic. It's fun and helps you visualize what you'd be like as a hero in the land of Ooo :P And don't be bummed out about the whole two books in one thing. It's done in a way that isn't immensely cheesy and has a cute story behind it. Both books are beautiful with wonderful art and great characters. My only

problem would be the inconsistency with Shwabl's coat color in the show/book and a little more in the hero section wouldn't have hurt :P

Very nice as a gift. Strangely my boyfriend and I got it for each other for Christmas. Just as awesome as expected. :D Really good quality and the binding looks very nice under the dust cover. Nicely written. I'm already a fan of Marceline and Ice King's story, it clears up some stuff and is a great addition to their back-story. The Enchiridion section I have not fully read, only skimmed, but seems clever and funny. Really good gift for Adventure Time fans!

THIS BOOK IS HUGE. I'd say maybe a foot or more tall and it's pretty thick too. It came exactly the day I thought it would AND if you're worried about it not having a lot of the Enchiridion like I was THERE IS TONS. The book is split in half so half of the Enchiridion and half of the scrapbook and they filled it up!!!! I SUPER SUGGEST THIS BOOK. Nothing wrong with it at all!

This is a Must Have if you are into Adventure Time. I am a SUPER fan and I love having this in the collection.

Love the content in the book, especially Marcy's Super Secret Scrapbook!!! It goes further into the backstory of Marceline and Simon/Ice King and their struggles after the war and how Marceline survived when they parted ways.

This is a fantastic book. Written very thoughtfully and with a lot of insight into the world of Ooo.
