Emotional Healing, Heal The Pain From Your Past: Sleep Learning, Guided Meditation, Affirmations & Relaxing Deep Sleep

Synopsis

This Emotional Healing sleep learning script was designed to assist the listener in gaining self-thoughts related to releasing emotional wounds from the past, repairing the relationship with the self, gaining closure, and reclaiming the whole self. Some say that we are the sum total of what we surround ourselves with. For example: What we choose to watch on television What we listen to on the radio Who we choose to surround ourselves with Even the thoughts we think All of the above affect our overall perceptions and thought patterns. Just like the foods that we eat create our bodies over time, our thoughts shape who we are and ultimately what types of situations we manifest in our lives. Sleep learning can benefit a listener in powerful ways. The mind stays active even while we are sleeping. For example, a mother may sleep soundly through thunderstorms and barking dogs, yet the sound of her baby stirring in the next room will often instantly awaken her. Why not use this time (while you are asleep) to realize your potential? In addition to therapeutic hypnotic techniques and meditative affirmations, this program is further enhanced by the use of brainwave entrainment such as solfeggio tones, isochronic tones, bilateral stimulation, and white noise. Listening at a very low volume while drifting off to sleep is ideal and won't diminish your results. Accomplish your goals and create the life you've always wanted starting today!
