## Synopsis

Mei Lin Yu, a shy studious young woman from a Founding Family, and Silence, a fierce snowcat running with outlaws, shouldn't have anything in common. But on New Eden, a world where the native Ddaerans have psychic abilities, a world ruled by the Founders who fled a dying Earth anything is possible. When Mei Lin is forced out of the comfortable refuge of Mynyddamore and confronted with a secret from the past that is very much alive, will she be able to save herself and Silence to gain the trust of a man who has no reason to trust anyone from a Founding Family? Under Two Moons, a science fiction action adventure novel, is the sequel to Between Mountain and Sea and is the second book in Louisa Locke's Caelestis series in the Paradisi Chronicles (an open source science fiction series created by multiple authors).

## Customer Reviews

These books just keep getting better. Fantastic story and well written. Makes you think what would happen if our planet was destroyed, would the same mistakes be made over again on a different

planet.

I found this to be a compelling, satisfying sequel to *Between Mountain And Sea*. This is the second installment in a three book series and, in my experience, the middle book is usually frustrating for readers as it opens a lot of doors, gets us more invested with characters but ultimately leaves us hanging. However, *Under Two Moons* hit a perfect balance of existing characters' growth, introduction of new characters, solving of parts of mysteries while introducing a few new ones and ending with a partial wrap up and the satisfaction of knowing that the story would continue. I enjoyed Mei more in this book-- she has become a strong young woman who now feels comfortable in the role she has been given and in who she is. I was very excited to get to meet Jaxon and his even being there is quite the story! I love exploring different settings of this New Eden that the Paradisi authors have created and continue to be impressed by the collaborative world-building!

Louisa has done it again. Following the lives of the Yu family from Book 1, we are once again drawn into the future with a tale of intrigue, surprise, and wrongdoing. And a possible romance in the making? A delight to read as usual. Can't wait for Book 3!
