Rideshare Driver Tax Guide: Maximize Your Earnings As An Uber Or Lyft Driver

Synopsis

If you are an Uber or Lyft driver, you have a responsibility to properly report your income on your tax return. As a Tax CPA, I've personally seen countless mistakes that people make reporting their rideshare activity that costs them hundreds (if not thousands!) of dollars on their taxes.

Don't be one of those people. This book will help explain:

- What exactly being a rideshare driver means for federal tax purposes
- How to maximize your income by minimizing your tax burden
- Which specific deductions you can take as a rideshare driver, and how to maintain adequate records, and
- How to prepare and e-file your tax return for FREE with specific steps and recommendations

Customer Reviews

So I've been driving rideshare for a few years now and found this book very insightful! I knew a few things based off tax returns I've filed, but wish I had this guide to help save me even more money. I could have made a few hundred dollars more just this past year if I had known even half of the info that this book offers. I bought the physical book, versus the e-book, more because I like the feel of a paper book. Otherwise, either is probably fine. I drive for Lyft, Uber and when in the Austin area,

RideAustin and Fasten since the first two are no longer there. It can get confusing very quickly on what you can and can't write off when using your car to shuttle people around. I had to hire a tax professional to sort out my screw-ups and frustrations this year because I was driving for 4 different companies. With this book, I probably could have done it all by myself and saved the money I paid them. Now, I look forward to making even more money this year!

Gives you the basics and makes the process easy to understand. This is my first self-employment filing for Uber. I don't feel so intimidated after reading the book.
