# The Drop: Harry Bosch, Book 17

## Synopsis

Harry Bosch has been given three years before he must retire from the LAPD, and he wants cases more fiercely than ever. In one morning, he gets two. DNA from a 1989 rape and murder matches a 29-year-old convicted rapist. Was he an eight-year-old killer, or has something gone terribly wrong in the new Regional Crime Lab? The latter possibility could compromise all of the lab's DNA cases currently in court. Then Bosch and his partner are called to a death scene fraught with internal politics. Councilman Irvin Irving's son jumped or was pushed from a window at the Chateau Marmont. Irving, Bosch's longtime nemesis, has demanded that Harry handle the investigation. Relentlessly pursuing both cases, Bosch makes two chilling discoveries: a killer operating unknown in the city for as many as three decades, and a political conspiracy that goes back into the dark history of the police department.

## Book Information

Audible Audio Edition

Listening Length: 11 hours and 26 minutes

Program Type: Audiobook

Version: Unabridged

Procedurals #162 in Books > Audible Audiobooks > Mysteries & Thrillers > Suspense #436

in Books > Mystery, Thriller & Suspense > Mystery > Police Procedurals

## Customer Reviews

This is later, but vintage Harry Bosch. Connelly carries off juggling two separate story lines deftly, as he has done before, without losing control of narrative, pacing, or characterization. Along the way his characters, many of whom are "survivors" of earlier Bosch stories, evolve and edge their way into new personae that are logical expressions of their experiences and situations. Bosch, however, seems to change little through this story. His strengths remain his strengths and his weaknesses remain his blind spots. Perhaps he has been around long enough as a character that he has little room to change. Or maybe Connelly doesn't intend for him to. Instead we end up with inconsistencies. A love interest who is appalled by Bosch's unrequited antipathy toward a

particularly loathesome criminal changes her mind despite no apparent change in circumstances or motivation. Also, the ending, while exciting and satisfying is rather contrived and improbable. All in all, however, this is a great interesting, fast paced, and all around good read.

This story is written in the first person by defense attorney Mickey Haller who gets a strange call to be in the chief judges chambers immediately if not sooner. A former friend has named Mickey as his 'heir' to his practice. The judge informs he now controls, by, court order, his friend's entire practice including a high profile case of a studio executive charged in a double homicide. The case & subsequent events are spellbinding!

Significantly interesting, fast paced story, a murder mystery with one death story framing a second cold case murder. High interest plot unfolds as both murders are solved. The ending with Kiz Rider is a bit confusing, and the romantic interest with Hannah is a bust, but otherwise the novel flows well to its conclusion. Good writing worth reading.

I got this book for my mom, she wasn't impressed with it. I read it, but I knew what I was expecting. This is another crime novel by Michael Connelly, I liked it because he is one of my favorite authors. The book, *The Lincoln Lawyer* is better; but this will keep you involved. If you like John Grisham you should like Connelly.

Accidentally downloaded this book when looking for a book by the same name by a different author for my book club. Found it when I'd run out of something to read. Though I've seen all of the episodes of "Bosch" on prime, I'd not read any of Connelly's novels. Now I've gotta read 'em all, I guess.

Another excellent Harry Bosch story. In this one Harry has been granted a 4 year extension to his retirement contract. He is given two cases, one a cold case file since he is assigned to the Cold Case Division and is also assigned to the suicide ( or is it?) of the son of his former ex-deputy police chief now a city councilman Irvin Irving. Bad blood runs between these two men. So in the book you are always wondering why the councilman has requested Harry be on this case. And the other case is the discovery of DNA in a blood smear that shows the sex offender was an 8 year old child at the time. Harry is going back and forth between the two cases which makes you not want to put the book down to get to the end of what actually happened in each of these cases. Great book you

won't be disappointed.

I came late to the table for this author. First book I read was "The Lincoln Lawyer", long after the movie came out. The Brass Verdict was an excellent read, and I can also recommend the latest in the LL series, The Gods of Guilt. Yes, I am now hooked on Michael Connelly. I decided to go back to his beginning, and read the Harry Bosch books in order. I have read 5 of them in the past 10 days! Lots of people review these books, so the details of this one have been covered. If you are looking for a fast paced story, a good mystery with a twist here and there, something you can finish over a day or two (or a long night, because they are hard to put down!), you can't go wrong.

Follows the same easy flow Michael Connelly offers...The book was hardly about Detective Bosch but rather about his half-brother Mickey Haller. Though their paths intersect, the book focuses on Haller's prowess as a defense attorney..Although a good read, those wanting to read strictly about Detective Bosch's wonderful detective skills, might be a tad disappointed...
