Customer Reviews

The edition is acceptable, but be warned: the primo and secondo parts are printed one after the other: pp. 1-20 for the primo, 21-40 for the secondo. The edition is not usable if you wish to sit down with your partner and run through it. (I recommend the Henle edn., which I purchased after receiving this.)

The print seems small, but worse, both piano parts were bound together, so you can't use this edition for actual playing (which why I bought it) or for easy comparison of Piano 1 and Piano 2.

The print was way too small if i had tp do it over I would have copied someone else's music thank you so much
