Tillman's self-described mission to let children know that they are loved is well manifested here. Formulaically similar in format and tone to *On the Night You Were Born* (2006) and Eric Metaxas's *It's Time to Sleep, My Love* (2008), which Tillman illustrated, this picture

book presents a heartfelt, greeting card-worthy rhyme matched with fanciful mixed-media images of a child who cavorts across brilliantly hued landscapes and is joined by wild animals, from peacocks to pandas, along the way. On every spread, the speaker promises undying adoration and support: "My love is so high, and so wide and so deep, it's always right there, even when you're asleep." The line between sweetness and schmaltz is subjective, and some may slot this offering into the latter camp. But the appeal of a title such as this that encourages an adult and child to snuggle affectionately together with a book is undeniable and may make this just the balm the doctor (or librarian) ordered. *Preschool-Grade 2.* --Andrew Medlar

Beautifully written. The illustrations throughout the book are touching and so sweet. I bought 2 of these books, one for each of my twin granddaughters. I couldn't be more pleased with the book and hope that they will treasure it all through their lives.

This book is absolutely beautiful! From the illustrations to the text - my eyes water every time I read it to my almost 3 year old. She loves the colorful illustrations and identifying all of the animal friends the child in the story plays with during the story. I have purchased this book several times now to give as baby shower gifts and have only had positive feedback. The book is durable and small enough to pack for a trip or night away. The opening line "I wanted you more than you will ever know - so I sent love to follow wherever you go" resonates with any parent. I highly recommend this book - and any book written by Nancy Tillman! They are all beautiful!

I love this author and I love this book! I have gifted this book to both of my adult daughters at different points in their lives, for different reasons. To let them know my love follows them wherever they go, beautiful words, beautiful illustrations! The first time I read this book it brought tears to my eyes in the bookstore. It had the same effect on my girls, it touches your soul. I love children's books, I have worked with children all my life, this is a special book.

I love the Nancy Tillman books. I have purchased several of her books for my 2 year old. They are well written and well made. Some children's books that I see do not have much substance to them. Every Nancy Tillman book I have purchased so far all have great meaning and are written so beautifully. If you want to start building a great book collection for your child I highly recommend her books. You won't regret it.

I love Nancy Tillman's work so much. I especially love this book. The writing and the illustrations are beautiful. A great book for children of all ages to remind them just how much they are loved.

I'm a fan of Nancy Tillman's books after purchasing "On the Night You Were Born." This book is no disappointment! I read "On the Night You Were Born" to my baby every night during the last few months of my pregnancy and continued to once she was born. Now, I have been able to add "Wherever You Are, My Love Will Find You" to my daughters book collection. The book is a beautiful story of a parents love for their child/children. I will definitely be purchasing more of Tillman's book for my daughter as well as for gifts for expectant moms. Tillman's words sum up what every parent feels.

sweet kids book about a parents love always being present no matter where they are! good for a 2-7 year old or a baby gift. board book so its durable. sweet illustrations. good for my daughter who can be anxious at times. reassuring about a parents constant love.

I received this book as a gift when my son was born. The writing is beautiful and touching. It will definitely make you teary-eyed with each consecutive read (and trust me, you will reread this one many times!). This was my first Nancy Tillman book and after it, I couldn't get enough of her books. We just bought "On the Night that You Were Born" and we're not disappointed. I would definitely recommend this book (and other Tillman books) as gifts for someone else...or yourself!
