The Prostate: Everything You Need To Know About The Man Gland

Synopsis

The mere mention of the prostate gland is enough to make men cringe. Long a taboo subject, the walnut-sized man gland can cause mental anguish, emotional aggravation, bitterness, and anger. The prostate often affects everything from sexual performance to male ego-strength. When it is working well, the man's world is good, but when it is affected by change or disease, the male universe often collapses upon itself. In *The Prostate*, Dr. Taguchi tackles the most common prostate problems, treatments, and questions in down-to-earth language. If there is anyone who can dispel the fear associated with prostate issues, it is Dr. Taguchi.
