Nomad's Galaxy: A Kurtherian Gambit Series (Terry Henry Walton Chronicles Book 10)

Synopsis

They say that behind every great man is a great woman—but what if that woman is a Werewolf? The readers love Terry Henry Walton: “So much action in this book and yet the characters are distinct and thoroughly formed. Your heart beats with each of them.” “This series just keeps getting better. Awesome Craig has done it again and then some. Speechless.... I love the characters and how the story seems to flow. It was long ... but Craig Martelle filled in a lot of stuff we, as readers, really appreciate. I loved it!” “wow I don’t care how long a book is when it is good it is not long enough” Civilization has returned to humanity and brought with it the vices of the civilized. The fight for the end begins as petty power seeks to fill vacuums. From China to Chicago to New York City, Terry and Char are fighting for their lives. The FDG, Vampires, Weres, Michael, and Valerie all collide in this epic climax to the Terry Henry Walton Chronicles. When the finish line isn’t the finish at all, but the start of something new. It’s a whole new battle, one for the FUTURE of mankind. Terry’s just not sure where it will be fought.

Once again, when I thought Craig Martelle couldn't get any better at story telling than he already was, he proves me wrong! For which I am eternally grateful! TH and Char's story is truly a love story, in the middle of an all out war on evil. I was mourning the their story coming to an end, but just about the time I want to cry in frustration of the end. I not only get relief from sadness, but joy in knowing The Queen Bitch is coming to take them both on greater things! I wait impatiently for the next chapter in The Nomad's story! More, please, SOON!

TH has a constant video playing in his mind theatre especially when he's not actively in his desired element. That of his pledged duty to Bethany Ann. She's coming back to earth & as Akio had informed TH, she has something for him upon her arrival. Wanna know? Idk, but 1 thing I'm sure of is, the long 16yrs search for Joseph-san & his beloved is over now.

Darn if that wasn't one fine story. Craig Martelle has really out done himself in the final book in this leg of Terry Henry Walton's journey to the stars. Excellent from start to finish. Very interested to see where they are going take this story and how they are going to get there, should be a very fun trip.

So happy that TH and Char and all the rest of the family have made it to the "present"!!! I am so satisfied that all the parts have come together in this wonderful saga. And I am heartened by the hopeful exciting future with the Etheric Federation! Hope Nick has a chance to join the rest of the boys. BRAVO!

Ok first off never, ever give TH a man bun!! The cover looks like he has one. Wow does this one cover a lot of years. TH and Char have some down time and then step right back in the thick of things!! We loose some people which is always hard to see. Can't wait for the next step in TH and Char's life!!

All 10 books in this TH series are just outstanding. They hold true to the KGS and the Queen Bitch. Can't hardly wait until all groups come together. Best series of books I have ever read. Please continue the great stories. Until the next one.....

Holy crap trying to keep up with this book is like running a marathon. LOVED it....seeing some of the character and parts that we saw in different books in another point of view or how it led up to that point AWESOME! Can't wait to see where you are taking these AMAZING people!

As I complete the tenth book in this series I am both sad (that the series has ended) and excited (to see what the future will bring). The author has taken me on an epic journey through time and the rebuilding of society, posing thought provoking questions about this process all along the way. I look forward to the future and what Craig Martelle will manifest!
