Where Jesus Walked: A Spiritual Journey Through The Holy Land

Synopsis

Far beyond just providing information related to geography and Bible interpretation, *Where Jesus Walked* encourages pilgrims to interact with the Bible's messages in ways that will lead to new spiritual challenges and growth. Author R. Wayne Stacy, who leads annual tours of the Holy Land and is an expert in the field of Holy Land geography, uses the geography of Revelation to provide important insights for understanding the meaning of Scripture, particularly the messages of Christ.

Customer Reviews

"In this unique volume, the author - who leads annual tours of the Holy Land - uses geography to provide important insights for understanding the meaning of Scripture, particularly the messages of Christ. Complete with outstanding photography, *Where Jesus Walked* is an ideal devotional guide for travelers and non-travelers. It is also a valuable tool for use in group study or as a reference source for teachers." --Baptists Today, September 2001

This book gave a geographical picture of the Israel making it easy to follow Christ's life during that time. The scripture references gave an insight to the life, time and hardships Christ endured. It challenged you, to not only think, but to actually walk next to Christ during His life of ministry. The stories of the author brought you back to today showing the application to today's challenges. Incredible book I would recommend to anyone.

Great book. It was the text for a class and was a perfect fit.

Great book.

I have not finished reading this book but do plan to take it along with me when I visited the Holy Land in September. I am highlighting places we will visit. A very good read.

Just returned from a trip to the Holy Land and found "Where Jesus Walked" to be very helpful. I read one other book before the trip, so the two complimented each other very well. The other was very factual and this one added more spiritual insight. Even had a chance to share it with the tour guide, who learned something new.

I read this book while I was on a 10 day trip to Israel. It seems that what I read corresponded to what I had seen recently or what I would be seeing in the near future. Very informative and true to the facts I was learning.

The author blends history, scripture and memorable comments and vignettes that make the places both unforgettable and pertinent in the present.

This one plus a second copy of the same was purchased for my Husband. I have not been able to wrestle it from him.
