Hobbes: Leviathan: Revised Student Edition (Cambridge Texts In The History Of Political Thought)

Synopsis

Hobbes' Leviathan is arguably the greatest piece of political philosophy written in the English language. Since its first publication, Richard Tuck's edition of Leviathan has been recognized as the single most accurate and authoritative text, and for this revised edition Professor Tuck has provided a much-amplified and expanded introduction. Other vital study aids include an extensive guide to further reading, a note on textual matters, a chronology of important events and brief biographies of important persons mentioned in Hobbes' text.

Customer Reviews

Hobbes' Leviathan is arguably the greatest piece of political philosophy written in the English language. Richard Tuck's edition has been recognized as the single most accurate and authoritative text since its publication. This revised edition includes a much-amplified and expanded introduction.

This text is printed on demand at Amazon's distribution facility. The copy I recently purchased was of the absolute WORST quality. It appears as if Amazon has taken to printing a bad PDF and passing it off as a good edition worthy of the asking price. Specifically, the printed text is pixelated and difficult to read, and hardly worthy of the asking price. One would do better to download a freely available copy on the Internet and print it themselves: certainly it could be of no worse quality than what Amazon delivers. An otherwise excellent edition of an essential text in the history of political thought should not be purchased via Amazon Prime.

A must read and a great edition in not altering the original grammar.

The text itself is of course outstanding and a must-read for anyone interested in human political behavior, and is especially relevant today. But the quality of the printing is poor. The text is pixelated and while readable, not the most comfortable, especially for such small font. The price was right, however.

Text as described, delivered as promised

This is a scholarly work. I just wanted to get the flavor of Hobbes; got the three-course meal instead.

The leader is good, the leader is great.

Book was as good as new with minimal markings and not a single damaged page.

Excellent book!
