Customer Reviews

For the students who are working on Suzuki Book 3-4, this is a great book to play for fun or recital. There a big range of selection from easier level to harder level and 2 different books for violinist and accompanist. Highly recommendable.

Good collection. The folk songs, etc. in the front of the book are very simple. There are no transitional pieces to prepare for the Bach Marche in this collection. But, this is one of many good sources for young players.

The solos are nice and easy for beginners, however, note that the Kindle version is MISSING pages! Particularly, Musette from Bach and Giguette.. Sigh.

NICE BOOK.

Exactly as described!

This is a great collection! It had both the violin and piano parts.

Goes with the Book, enjoy the Music, and listing to play with the book. I wish they had stuff like this when I was a kid, there would have been no stopping me. Thank you

Wonderful!
