Customer Reviews

Great book with a lot of very specific tips. It's been the most useful book for Runners I've flung thus far. Having it on the kindle was great for highlighting and finding information quick while at the store.

This is a must book for anyone interested in or raising runner ducks!

I don't think this book was really worth buying, it really didn't have much extra information that isn't already in any standard chicken book, I was disappointed. If you don't already have any books on poultry then it may be worth purchasing.

Well written book. Just as advertised. Quick shipping excellent seller...

An easy to read, thorough guide.

New to ducks ;-)
