## Customer Reviews

Beautiful packaging and great little seductions!

This product was a waste of money. Some of the dares were fun, maybe like two. But the majority are "truth" cards and they're all questions about the "crazy sex adventures" your partner has had WITH AN EX. Idk about other people but this was bout for me and my partners enjoyment, not to hear about sexual experiences I had with an ex.. Idk why that would even be put in there? Waste of money and poorly written cards.

Cute idea but not exactly what I expected. Found the questions/dares kinda lame. Not sure if a lot of guys will go along with most of these..

I was disappointed. Very generic, vanilla options. Ok for building up to adding more spice to your intimate relationships. I've had real Truth or Dare games that were more fun than these....save you money.

I felt this didn't have enough unique ideas, I am just uninterested in this type of book. Thank you,

Amy

But, oh what a great start! We will add many more 'sealed seductions' to this list as time goes by.

I ended up returning this because it really wasn't what it was advertised to be. It's not really seductions but questions about the past. Who wants to know about some of the things in their current partners past? Skip this one, unless that is something that you are interested in,

Nothing edgy. Mostly ideas any couple in a committed relationship have already discussed/done.
