Customer Reviews

I really like the designs in this book. There are lots of really pictures for sure. Cons of this books are: the pages are thin, and they aren't perforated at the edges for easy tear out. I usually like to remove the page I'm coloring so I can turn it as I color. The pages in this book are hard to tear out. These were the only things I didn't like. All that being said, I recognize this is a self-published book by an artist whose working hard to sell her art. Otherwise, I really like the artwork and I hope the artist puts out more designs.

I love doing a bit of this book while I drink coffee in the mornings.

Very cute book.

Great
