Alien Prince's Pregnant Fake Fiancée (Celestial Mates)

Synopsis

Volex needs a girlfriend, fast. His mother, tired of his scandalous behavior, has given him an ultimatum: Pick a bride at the ball she's holding in his honor the next evening, or lose his privileges as a crown prince of Vertar forever. Volex has no intention of settling down, and especially not with one of the power-hungry princesses his mother has lined up. However, he also doesn't want to lose his privileges. What he needs is a woman who can pose as his fiancée for a few days...and she needs to be convincing. Enter Celestial Mates! All he needs to do is get the infamous dating agency to find him that special someone to accompany him to the ball, and then he can beam her back home. It's a perfect plan, except he doesn't expect the woman they pair him with to be so attractive. He doesn't expect to fall in love. And he really doesn't expect to get her pregnant.

Customer Reviews

I would recommend this book to anyone who loves alien romances. I enjoyed the story in this book and am hoping there is another installment.

What a wonderful fast read it had denial ,romance ,intrigue .it made you roll your eyes and then smile all in all it made you feel good

Please tell me their is more for i want to hear the king story and the the General brokk story of love. Util then keep writing.

Waiting for next book!!!!!! I loved this book. I read it in one sitting and ending up staying up way past my bedtime. I laughed through the whole book, the banter between the main characters was hysterical!!!

This was funny, sweet, and ridiculous all at once. I look forward to reading more of the Celestial Mates line of books.

I enjoyed the book. I hope she will continue with sequels for the other characters in the book. The only negative thing I have to say is I would have like to have seen the outcome to the baddie of the story. Yeah, sure she got torchered but she wouldn't squeal. The author should have done a conclusion for her.

Another Celestial Mates story! I have them all.

Enjoyed this book.
