Instagram: The Key To Making Money On Instagram: How I Make Hundreds Per Post

Synopsis

The Key to Making Money on Instagram contains a proven system for creating viral Instagram pages for long term Internet wealth and success. Inside the book, Dave Wells goes over step by step how he built a 6 figure Instagram business in under three years, and how he made forty thousand dollars profit within his first year. Learn how he gets paid hundreds of dollars per post, only spending a couple hours a week working on Instagram. In the book you will:

- Learn how to build viral Instagram pages from scratch (even if you've never even heard of Instagram before).
- Build sustainable traffic that can easily be monetized.
- Discover the best proven ways for maximizing profits on Instagram. Chapter by chapter you will learn every detail of Dave's journey, from software, to outsourcing, to reaching out to large companies. The first couple of chapters go over the mindset and persistence needed to build a lasting following. Keeping your audience captivated is crucially important task that can be challenging without proper guidance. The third and fourth chapters cover how to choose a profitable niche, how to come up with a username, and how to set-up your first Instagram page or pages to maximize their potential. Learn from real examples what to do, what to avoid, and what to learn from. Every niche has the ability to be extremely profitable, it's just a matter of knowing all of your options. Following these chapters, the next two cover the fastest and easiest ways to gain followers, and how Dave Wells built a 300k follower Instagram page in less than a year. After that, the remainder of the book focuses on:
- Automating a lot of the processes to save time.
- Making reoccurring advertising deals with large companies.
- Building your own web store to go hand in hand with your Instagram niche.
- Expanding your empire (building a portfolio of Instagram pages and expanding onto other social media platforms).

This book covers solid business principals that can be applied to any project or deal that you may encounter in the future. The goal of this book is to teach you how to build an Instagram empire, perfect your brand, and make massive amounts of money from spending a couple of minutes each day posting on Instagram.

As a complete novice I found this book a great little stepping stone into the world of Instagram. Ideas started to flow as I read my way through.

Good book for newbies, especially for me. No information on what to do every day(week) in instagram. Is there maybe a full version?)))

Excellent ebook, well worth the time it takes to go through it. I thought everything outlined in the book was well written and very understandable. This is the very reason i gave this author 5 stars. It is the best book I've come across on this subject.

Good insight for the beginner Instagram marketer

This book was pure genius! For a very long time I have been looking for the dirty little secrets of making money online and this told me everything I needed to know. From getting started, to just wanting to make more money, the author explains everything in great detail and leads you on a great path of success. At first, I was a bit skeptic. Everyone who deals with people online know that scams are very common but it was clear from the start that Dave Wells was writing pure gold. This is a must buy for anyone wanting to make money on Instagram, and I would definitely recommend that everyone marketing online read this because it is a very good source for inspiration. As someone looking to get into the monetizing social media world this book was very helpful and very easy to read and understand as a novice within the field.
