Customer Reviews

I wasn't expecting much, but was pleasantly surprised by what I got. The best part of the kit is the jack pine seeds, and the instructional booklet. The booklet goes into far greater detail about the science and art of bonsai than I'd expected, and seems to give good advice on the care and shaping of a tree. I planted my pine seeds a couple of weeks ago, and the first one sprouted today, so there's at least one viable seed out of the five provided.

Great product! Bought it as a gift and it was well received. BUT shipping took forever! Ordered on November 1st and received on November 29th, more than a week after the latest "expect by" date.

Buen producto

I love it, thanks!

cute little gag gift

Good deal. Ordered another.

It's adorable! Hope the seeds grow but there US a warranty if it doesn't. Neatly packaged good price. Would buy again.

I don't know why there are so many negative reviews about the size of this item and others like it. Clearly those people have never seen any of these types of items on the spindles near the check-out counter at Barnes & Noble and other booksellers. They have been around for ages and are the perfect little starter for all sorts of things. I don't have a lot of room on my desk for frivolous things, so this mini bonsai kit was perfect to add a little something to the area of my desk. That is, if the plant grows...
