Feisty And Feminine: A Rallying Cry For Conservative Women

Synopsis

Tired of inauthentic prattle, CEO and president of Concerned Women for America Penny Young Nance is ready to change the way women today engage the culture. In her debut title, *Feisty & Feminine*, she takes an honest and transparent look at what it means to be a conservative Christian woman with thoughtful commentary on the real issues confronting American women. “Conservative women have never fit neatly into stereotypes, especially conservative Christian women,” says Penny Young Nance. “We’re not the humorless, dim-witted church ladies Saturday Night Live has made us out to be. Today’s conservative women are intelligent, well-educated, compassionate, accomplished, funny, and fearless—and it’s time for us to stand up and be heard. In fact, we have an opportunity like never before to offer words of redemption to a world gone mad. From Miley Cyrus to campus feminists, it’s clear that women are still searching for their voice in culture today. With Hillary Clinton running for president in 2016, there is even more of a need for a compelling, conservative, and credible female influence in the mix. Penny Nance is that woman. She is direct without being disrespectful, winsome but not shallow, and relevant while still holding to faith and conservative values. Accepting the baton of leadership from their foremothers, today’s conservatives have emerged as intelligent, hard-working women of faith who not only deal with issues like life and marriage, but are also advocates for the free market, for rights of conscience, and for female victims of radical Islam. Passionate about their role in society, they refuse to turn a blind eye to the sexual exploitation of women or the hypocrisy surrounding women’s issues. The time is right for this book—and for conservative women everywhere to be part of the conversation.”

Customer Reviews

Concerned Women for America has been a strong voice for biblical values for many years now. In this engaging new book, Penny Young Nance gives a rallying cry for women everywhere to make their voices heard and impact the world around them on the issues that matter most. (Ã¢â¬â Jim Daly, President, Focus on the Family) This excellent book is for all women who want to stand up and be counted. Penny Nance has handled most of the controversial issues with dignity and honesty. As you read this thought-provoking book, you will find many ways to express your convictions as a Christian conservative woman. I heartily recommend this book for women who want to make a difference. (Ã¢â¬â Dr. Beverly LaHaye, Chairman, Concerned Women for America) Penny Nance is a fearless culture warrior who takes opponents apart and shreds their shallow left-wing nonsense for the drivel it is. And she does it with a smile that belies her toughness. Penny proves that a conservative woman can be intellectually and spiritually prepared for anyone or anything---anytime. YouÃ¢â¬âll love her book, *Feisty and Feminine*, and will realize why liberals donÃ¢â¬ât want to be on the stage with her. They donÃ¢â¬ât like losing! (Ã¢â¬â Mike Huckabee, Governor of Arkansas, 1996Ã¢â¬â 2007) PennyÃ¢â¬âs book is conversational and fun, yet deep and insightful. She is a masterful (and very feisty and feminine!) ally in our work to build a culture of life. *Feisty and Feminine* communicates a timely and necessary message for women today who are seeking real truth and fulfillment. (Ã¢â¬â Jeanne Mancini, President, March for Life) *Feisty and Feminine* is an inspiring look at how a woman can be a conservative Christian while still being a powerful advocate for the rights of women and all other people. It is easy to read and very informative. (Ã¢â¬â Benjamin S. Carson Sr., MD, Emeritus Professor of Neurosurgery, Oncology, Plastic Surgery, and Pediatrics, Johns Hopkins Medicine; President and CEO, American Business Collaborative, LLC) Penny Nance is one of todayÃ¢â¬âs boldest and most outspoken conservative women of faith. In this book, Penny exposes who is really waging the Ã¢â¬âwar on women,Ã¢â¬â and itÃ¢â¬âs not who you've been led to think it is. More feisty and informed women are exactly what our country needs. (Ã¢â¬â William J. Bennett, former secretary of education; host of the nationally syndicated talk show *Morning in America*) IÃ¢â¬âve known Penny Nance for twenty years, and I absolutely love her passion for Christ, her passion to advance freedom and opportunity for all Americans, and her passion to educate and empower a new generation of conservative women to help get America back on the right track. SheÃ¢â¬âs a rare voice in Washington---courageous and classy. May her tribe increase! (Ã¢â¬â Joel C.

Rosenberg, New York Times bestselling author, Implosion: Can America Recover from Its Economic and Spiritual Challenges in Time?) Women are right to be concerned about the state of America and their families. Feminism has failed them. The good news is that women have a fearless champion in Penny Nance, who is proving every day that feisty and feminine is a winning combination! (Ã¢â¬â Marjorie Dannenfelser, President, Susan B. Anthony List) Women are right to be concerned about the state of America and their families. Feminism has failed them. The good news is that women have a fearless champion in Penny Nance, who is proving every day that feisty and feminine is a winning combination! (Ã¢â¬â Gary L. Bauer, President, American Values; Former Chief Domestic Policy Advisor to President Reagan) Often the pages of a book will reflect the personality of its author. This one fits the bill---positive, straightforward, and dynamic. A real joy to read! (Ã¢â¬â Dr. Richard G. Lee, ThereÃ¢â¬âs Hope America; Editor, American PatriotÃ¢â¬âs Bible)

Penny Young Nance is CEO and President of Concerned Women for America (CWA), and is a recognized national authority on cultural, childrenÃ¢â¬âs, and womenÃ¢â¬âs issues. As the CEO and president of the nationÃ¢â¬âs largest public policy womenÃ¢â¬âs organization, Penny oversees more than 500,000 participating CWA members across the country, over 400 CWA chapters, 26 Young Women for America College Chapters, and 400 trained leaders. She is also the president of Concerned Women for America Legislative Action Committee and Concerned Women for America Political Action Committee and serves as the principal spokesperson for all three entities.

I am enjoying this book so much! I am so used to having discussions with people where I am the one having to educate the other person or argue a certain point. It has been the most wonderful thing to read this book and feel like I am sitting at the table, drinking coffee and having an intelligent and fun conversation with a good friend!!! It has just been a pleasure and I truly look forward to sitting down and reading it! The issues are important ones and Penny offers an insightful Christian perspective on each of them, while encouraging the reader to feel she is a part of the same team. Highly recommend.

Love, love this book. Readable and informative without getting bogged down with statistics. Personal stories add so much ! So happy a book like this is available to help conservative women state their views on current topics. Margaret P.

What a "Fiesty and Feminine" lady Penny is...an encouraging example to all of us women...thank-you for writing this for us Penny

Every young woman should read. Gave to my grand daughter , and nieces.

Mrs. Nance is inspiring and encourages women to speak up even if they don't say what the "Feminist script" requires. We bought several as graduation gifts for the young women we know.

This book provides all kinds of substantive responses and understanding to the most important and difficult to speak about issues of our day facing women. I feel much better equipped to take on conversations that I thought were too difficult.

Easy read...knows her subject & gets straight to the point without preaching or finger-pointing. Want to recommend to my California granddaughter, but don't know how!

Conservative women have to graciously and thoughtfully express thoughts and opinions. Penny Young Nance's book is the resource needed to do just that!
