The Celtic Golden Dawn: An Original & Complete Curriculum Of Druidical Study

Synopsis

A century ago, Celtic groups descending from the famed Hermetic Order of the Golden Dawn pioneered a fascinating form of ceremonial magic invoking Pagan Celtic powers instead of relying on the more commonly used Judeo-Christian names and symbols. Those groups disappeared many decades ago, and their teachings were lost. But today, their legacy has been reborn. Respected occult author and Grand Archdruid John Michael Greer has re-created a complete magical system based on the Celtic Golden Dawn traditions. This new book provides students with a complete curriculum of Druidical magic and occult wisdom, including training in ceremonial magic, meditation, pathworking, divination, geomancy, and herbal alchemy, allowing self-initiation into the three degrees of Ovate, Bard, and Druid. Structured to resemble a long-lost correspondence course, The Celtic Golden Dawn presents a series of knowledge lectures, meditations, and rituals leading to mastery of the most important magical techniques.

I wonder why people for the most part seem to just read the book? This book is meant to be used as a practical workbook of actual doings. I have been using the exercises and can report they actually do work. There is something behind the system that actually provides results. It is a title that is meant to be done if you have the courage and freedom to do so. My favorite so far from Mr Greer and a masterpiece that people who are involved with this kind of spiritual work for the most part are in awe of. Thank you.

Brings together several schools of practice. Love the meditations. Just started it and it will take me awhile (like a couple of years) to feel like I have really utilized the book the way it is intended.

This book is a hands on practical guide to the mystical ways of Druidism, so while I have read through the first two parts, I have not reached part three as of yet. The writing is very clear and to the point with easy to understand pronunciation helps throughout. The author, John Michael Greer, really did take his time and start at the beginning. Being curious about the practice, I have read several books on the subject and this is the best by far if someone is interested in a hands on workbook that takes you from curiosity to participation. Be prepared though, for it is no small matter. The first part alone requiring four months daily participation and practice to gain full mastery of the subject. There are three parts and I think the time frame for the first part is actually shorter than the next two, making this a journey or process and not a novel.

Even though the Golden Dawn tradition is not my path, this book is a very detailed and comprehensive program of study.

Good read lots of good information

Thorough, very well written curriculum of Druidical practice.

Clear and concise writing makes the subject very easy to understand and despite only just starting out I am seeing positive changes.

An excellent book and not so complex that you cannot understand it. I have bought a few other books by him and they were of various quality.
