Deadly Little Lessons (A Touch Novel)

Synopsis

Camelia's junior year of high school is finally over...but her troubles aren't. After she discovers a painful truth about her family, she escapes to a summer arts program in Rhode Island, determined to put family - and boyfriend - dramas behind her. At the arts school, she gets caught up in the case of Sasha Beckerman, a local girl who's gone missing. Even though all signs suggest that the teen ran away, Camelia senses otherwise. Eager to help the girl, she launches her own investigation. While reviewing the details online, she stumbles across a blog by someone named Neal Moche, a fellow psychometric. With Ben away, Camelia feels as if she's found a kindred spirit in Neal. That sense of connection also makes Camelia realize how much she misses Ben, despite being committed to Adam. But time is running out for Sasha, and Camelia will have to trust her powers more than ever. Will the lessons she has learned give her the strength to save Sasha before it's too late? Don't miss the final novel in the thrilling and suspenseful TOUCH series by Laurie Faria Stolarz.

Book Information

Customer Reviews

Laurie Faria Stolarz (www.LaurieStolarz.com) is the author of *Deadly Little Secret*, *Deadly Little*

Lies, Deadly Little Games, Deadly Little Voices, and Deadly Little Lessons, as well as the highly popular Blue Is for Nightmares, White Is for Magic, Silver Is for Secrets, Red Is for Remembrance, and Black Is for Beginnings. Her other Hyperion titles include Bleed and Project 17. Born and raised in Salem, Massachusetts, Stolarz attended Merrimack College and received an MFA in creative writing from Emerson College in Boston.

I was recommended this series by my cousin, who had read all the books and said she loved them. I got interested and downloaded all the books to my kindle. Of course, the books were amazing. The one thing I did not like about it, though, was the love triangle. But of course, there always has to be a love triangle. Laurie probably felt pressured to throw Adam into the story, though he does play a big part in Deadly Little Games. All the books will keep you up late, reading the books as if your life depends on it. Camelia is a totally believable and relatable character. She is not totally obsessed with herself and does not harbor much self pity. Ben. Where can I begin to describe him? He is so selfless and sweet that it makes me jealous of Camelia for getting all of his love. Haha, but no, I really shipped Ben and Camelia. This book is deserving of its five stars from me.

Laurie Faria Stolarz is one of the best writers I have come across in years. Even though this IS a "teen" series, if you are into emotional dramas, especially with a story line that continues from one book to the next, one sequel to the next, and one that likes to portray many of the same characters throughout a series? This is for you. I love every one of her books. And this one again, does not disappoint. Originally slotted as the last in the series, well, I won't give up spoilers except to say that if you've ever read any of her books? You won't be let down. However, you do need to read the previous 3 in the series, in order to understand who the characters are, and understand why they do what they do. But I would highly recommend all of her books. In order. Because they are so worth it, I can't say enough great things about them. Don't let the "teen" story line sway you. If you like emotion, drama, gossip, suspense and thrills? It's got it all. As do every one of her books. HIGHLY recommended!!

Was a Birthday gift to Granddaughter. She has all the other books in the series!!

I would give the whole series a 5-Star rating if I could. Without giving too much away, this basically just emphasizes Camelia and Ben's relationship in ways that made me go insane as I was hoping it would end in the way I wanted it to end. I'll leave it at that because I feel that reading the reviews

don't justify what's actually in the book.

OMG. Laurie Stolarz is now my official Favorite author of all time. Nothing is better than this Touch series. When I first read the book deadly little secret I was immediately pulled in. There are no words to explain of how I felt about this series, but I for one hope that Laurie is far from done. If she is writing more into the series with Ben and Camelia. An I will cherish this series for life. Thanks for much, JoAnna

The book was great I couldn't stop reading specially at the end. I had crazy mixed feelings.... I wanted to know what happened next but I also didn't want the story to end... my sister got me into the book and I can't explain how much we have talked about it and also bonded because of it. Thank you sooo much to Laurie Stoltz for writing such a great novel!!!!

Deadly little lessons was the perfect way to end the (Touch) series, it leaves you with the happy ending you hoped for the characters and leaves you with a happy and heartwarming feeling. I truly loved every bit of this book along with the rest of the books in the (Touch) series. This series will keep you wanting more and you will never want to put it down, I highly recommend this read and I hope whoever engages in this series loves and enjoys it's a much as I do.

I ordered this book because my daughter wanted several books for Christmas. She really enjoys reading. She received eight novels as one of he Christmas gifts. I am excited to see what she thinks about them all. This is the second book in this series that she has read. We are looking forward to reading the next few series. Thanks so much!
