## Customer Reviews

My crockpot has been the most well-used item in my kitchen since I started reading Dexter's slow cooker cookbooks. The recipes in this book are simple, using easy-to-find ingredients that most pantries might already even have in stock. It's so nice to be able to come home and have dinner already simmering away in one pot. I loved the variety of recipes this book offers, full of yummy food fit for all seasons. I also appreciated the health-consciousness of Dexter's cookbook, and he makes it easy for busy moms, dads, or students to cook a nutritious meal with minimal effort. This book is definitely one to keep! Highly recommended.

Recipes look good and I appreciate the nutritional info but this cookbook has no Table of Contents or Index, plus types of recipes are mixed together so now I need to make my own Index or it won't be used efficiently. Whoever thought this was a good idea, was wrong - unless I received a dud copy. If Recipe Junkies publishes other cookbooks, be aware. Not sure I would've purchased this if I had known about the lack of helpful categories.P.S. No pictures either!

Love the ease of a crock pot and I'm always looking for new recipes to try. I've got a family of picky eaters and found plenty in here that everyone will eat. Easy to follow instructions. Love that each recipe contains the nutritional information.

I just purchased a new crock pot and grabbed this book as it appeared to have healthy recipes. I have already tested a few out and they are great. I would highly recommend this eBook for its easy to follow slow cooker meals.
