God's Empowering Presence: The Holy Spirit In The Letters Of Paul

Synopsis

"Fee's book is the most comprehensive treatment available of Paul's understanding of the Holy Spirit, a topic that has rarely received sufficient attention in studies of Pauline theology. Fee's method is exemplary: he first analyzes Paul's statements about the Spirit, in each individual letter, and then moves to a synthesis of Paul's general pneumatology. The result is a book that is deeply exegetical, doing justice both to the particularity of Paul's writings and to the fundamental unity of his vision for the Spirit's role in the life of the Christian community. Most importantly, Fee emphasizes insistently that the Holy Spirit must be experienced as a living presence within the church. That message is both faithful to Paul and urgent for the community of faith in our time."--Richard B. Hays, professor of New Testament, Duke University Divinity School

"With the energy and care that is a trademark of his work, Gordon Fee here fills a significant gap in Pauline studies. Both those who find talk about the Holy Spirit congenial and those who would happily marginalize it will be instructed by this book. Fee makes a genuine contribution as he examines Paul's letters in conversation with both the exegetical tradition of the academy and the pressing needs of the church."--Beverly R. Gaventa, professor of New Testament and exegesis, Princeton Theological Seminary

"Fee uniquely combines professional competence as a text critic, an exegete, an author and editor of major commentaries, and a foremost evangelical interpreter of Paul with a lifetime of formation and ministry among the Pentecostals--this century's providential witnesses to the work of the Spirit of God among us. . . . Fee's work offers an enduring encyclopedia of Pauline pneumatological exegesis, easy to consult for next Sunday's sermon, yet substantial enough to take its place near George Ladd's *Theology of the New Testament* as a must-have, within arm's reach, for serious interpreters of Paul's gospel. . . . Fee's work is the theological crown of a distinguished exegetical career."--Russell P. Spittler, senior professor of New Testament, Fuller Theological Seminary

Fee's work is the theological crown of a distinguished exegetical career." Russell P. Spittler, Director of the David du Plessis Center for Christian Spirituality, Professor of New Testament, Fuller Theological Seminary "Our appreciation of the Holy Spirit in Paul" both in academic and larger church circles" has long needed thorough exegetical and theological analysis. By focusing on careful examination of every Pauline text related to the Spirit, Gordon Fee has helpfully filled this lacuna." Joel B. Green, Associate Professor of NT, American Baptist Seminary of the West, Graduate Theological Union, Berkeley "Students of Paul's letters and theology have long been in need of a major scholarly investigation of his treatment of the Spirit. By providing such an investigation with the same high standards of scholarship and skills of communication exhibited in his outstanding commentary on 1 Corinthians, and by doing so with an eye on the present renewed interest in the work of the Spirit in the church, Gordon Fee has put us doubly in his debt. His effective combination of thorough and robust exegesis with invigorating theological reflection that views Paul's experience of and concern with the Spirit from an eschatological and Trinitarian perspective drives home what we should have known" that the Spirit is far more central to Paul's thought than most of his interpreters have recognized. Fee's comprehensive and challenging new study will be appreciated not only by professional interpreters of Paul but by all who have a serious interest in the biblical resources for spiritual renewal." Andrew T. Lincoln, Professor of New Testament, University of Sheffield --This text refers to an out of print or unavailable edition of this title.

Gordon D. Fee (PhD, University of Southern California) is professor emeritus of New Testament studies at Regent College in Vancouver, British Columbia. He is the author of numerous works, including *Pauline Christology*, *New Testament Exegesis*, *Listening to the Spirit in the Text*, and commentaries on Revelation; Philippians; and 1 and 2 Timothy, Titus. He also coauthored *How to Read the Bible for All Its Worth*.

Gordon Fee is not a new author to me; I was expecting an excellent book and this one did not disappoint me. It will take me a while to finish it since it is over 900 pages long, but it is a marvelous work. I read part 2 first, his *Synthesis*, and found it worth the price of the whole book. Now I am plowing through the main body, slowly and thoughtfully, and enjoying every bit of it. Fee seems to have an excellent sense of Scripture's overall viewpoint and is able to interpret small segments of Scripture more sensibly because of that. He is obviously a committed believer in Jesus, a godly man, and it shows in his writings. I am thankful for him and for this book. His understanding of the sacred integrity of the Word of God shines through. If you appreciate meticulous, detailed study of the Word, this book is a good buy.

Gordon Fee truly brings the "kathedra" to your studying table. Who could imagine that there was this much to teach of the Holy Spirit from Paul's letters? A must have in any religion studies student or enthusiast's - book collection!

This is by far a more academic book that he has authored, but it is invaluable when doing NT theology. A dense yet readable addition to any theologian!

Very good and excellent view of presence of God!

Fee is a towering intellect but so readable. He examines every mention of the Holy Spirit in Paul in minute detail but it is never boring or hard going. He brings understanding to the ministry of the Holy Spirit among the community of believers.

This resource is useful for my PhD research on the Holy Spirit and spiritual gifts, their theology, nature, number, uses and abuses..

One of the best authors I've read that can explain scriptures.

Next to the Word of God, this book is an essential work from a true Scholar, A must for your library. John McDonald
