Customer Reviews

great pattern book!

This is what I expected from Spielman's. The only thing is that I have most of the patterns in this book from his previous publications.

This review is based upon the reaction I received as this was a gift for someone. His response when he opened the present was wonderful, he reviewed it from cover to cover. He is best described as an older person with a young heart and one who receives great pleasure in making items from a scroll saw. I am told he has already made some of the items and looks forward to making more. I have received many thanks from several people close to him.

Nice even for the beginner..

wanted to give it a 5 but it came used instead of brand new which was still in great condition. Inside had some additional notes and patterns from a previous owner.

Oops a repeat of one I already have but still full of useful ideas. I will likely donate it to our woodworking club.

Excellent book. performs as advertised. Very pleased with purchase.

THIS BOOK HAS EXCELLENT SCROLL SAW PATTERNS AND IS EASY TO MAKE THINGS LISTED AND SHOWN IN BOOK. a GOOD VALUE FOR THE MONEY.
