Customer Reviews

Very happy to find out-of-print songbook book here. Came quickly & in excellent condition. Thanks!

I love this book. It is a great level 4-5 piano book with something for every pianist to enjoy.

Most of the toons I had hoped for were not covered. There was alot of filler stuff like to make another sale. It cost me [...] bucks and there were only around 4 or 5 tunes that I could even use.

When I was young I remember stuff like "Sallys Tomato" really hip songs. But none of those were covered only lame stuff. NOT RECOMMENDED

A great collection featuring Mancini's best! I've been playing from this book for years and love it. It tops all of the other Mancini songbooks out on the market.
