# Seychelles, 4th (Bradt Travel Guide)

## Synopsis

Palm-fringed silvery sands, turquoise seas, misty mountains and coral reefs coupled with tropical sun and starry skies make the Seychelles an idyllic escape for discerning travelers. The authors provide fascinating coverage of the islands' biodiversity, from mangroves, turtles and birds to nature reserves. They reveal the islands' many secrets from coco de mer palm forests and bird sanctuaries to local markets and Creole cuisine. This edition updates facts on hotels and on getting around as well as news on the conservation front.

Best Sellers Rank: #1,926,526 in Books (See Top 100 in Books) #17 in Books > Travel > Africa > Seychelles #1496 in Books > Travel > Africa > General

## Customer Reviews

There's a vast amount of information here | A brief, well-described and fascinating history of the islands' explorers, pirates and settlers is an added bonus. There's also a fascinating introduction to the islands' extraordinary biodiversity, from birds and coral reefs to nature reserves and conservation projects. - Traveller

Liz Mair and Lynnath Beckley are experts in Indian Ocean ornithology and marine science.

If you are expecting the typical like Lonely planet/Routard guide, don't be wrong. I know that it's difficult to do an interesting guide of a really small place like seychelles, but at least you can have a rate of the best beaches, the different pathways in the national park, a little bit more info about the price to the small islands. You can get the same info, and probably with more and more accurate info in the seychelles website. Don't waste your time and your money.

Someone very close to me was preparing to move to the Seychelles for a year, this book helped bring so much insight to the islands, the culture, its history and modern life. It still will never prepare you for the intense beauty and fantastic people of the Seychelles, but it is a must have for anyone contemplating a trip overseas to this African nation. I highly recommend it. I will be heading there myself in January. Thank you to everyone at Bradt for producing wonderful books like these.

good
