# Ancient Land With A Fascinating Past: The History Of Mexico (Mexico: Leading The Southern Hemisphere)

## Synopsis

For thousands of years, humans have lived and worked in the land that today is known as Mexico. This book provides an overview of Mexican history, from the origins of its ancient civilizations, such as the Olmec and Maya, to the arrival and impact of Spanish conquistadores in the 16th century, to the struggles for Mexico to become a stable, modern, independent state during the 19th and 20th centuries. This book also examines the present-day issues that affect Mexico, including widespread poverty and economic inequality, as well as a brutal internal conflict between government forces and powerful drug cartels.

## Book Information

Series: Mexico: Leading the Southern Hemisphere (Book 16)

Library Binding: 64 pages

Publisher: Mason Crest (September 30, 2014)

Language: English

ISBN-10: 1422232182

Age Range: 12 - 17 years

Grade Level: 7 - 12

## Customer Reviews

Gr 5-8-Quality in this attractive set is uneven. People, History, Cuisine and Sports are the best of the group, with clear prose and enough details to help readers understand their subjects. Others attempt to cover too many topics, resulting in dry, superficial paragraphs that are often little more than lists of places and events. Only the titles on the Mexican states have (inadequately detailed) maps, a serious flaw when all books discuss numerous locations and geographical features. These volumes have numerous colorful photos, but some look like stock images, and their subjects don't always correspond with accompanying text. Sidebars, glossaries, and reading comprehension questions and research suggestions supplement the texts. These books are better suited to support

extensive units on Mexico rather than run-of-the-mill country reports, and even for those programs, superficial coverage and map and illustration weaknesses make them additional selections.
