Grade 2 Upâ "Through sections entitled "All Things Bright and Beautiful," "Accentuate the Positive,"

and "Leisure" (the proper pronunciation rhymes with pleasure), Andrews relates her lifelong love of poetry and how she and her daughter, co-selector Hamilton, share this passion. Andrews and Hamilton also contribute several poems. The generous collection includes a nice range of old favorites by Robert Louis Stevenson, Rachel Field, and Christina Rossetti. Recent poets include Frank Asch, Nikki Grimes, and Jack Prelutsky. Many of the songs hail from theater and movie musicals: "Oh, What a Beautiful Mornin'!" and "My Favorite Things," "Talk to the Animals," and "Feed the Birds." A CD featuring Andrews reading 21 poems is included. This is a warmly sentimental collection, leavened with humor and poignancy, and though it appears marketed toward adults who will purchase it for their home collections, educators and librarians will also embrace it for its sincere advocacy of reading aloud. McMullan's lush watercolor paintings add to the overall appeal of this well-crafted anthology.â Marilyn Taniguchi, Beverly Hills Public Library, CA END

A lot to love here and re-read for years to come, but as with all books of poetry... i never like them all. What I did not like however seemed to be the minority of the book.

This is how we told our moms and dads that we are finally pregnant! Beautiful book and a wonderful two ladies who inspired to write it! We all have our own copy so hopefully these poems and lullabies will surround our baby with love!

I bought this as a gift, but now I want to keep it :o) The book is organized into sections (Growing Up, Bedtime Blessings, Talk to the Animals...) with an introduction by Julie Andrews to each (perhaps my favorite part). This is a wonderful compilation of many classic poems, many of which I'd never read before, and many that I was already familiar with. Julie Andrews and Emma have also included a number of their own poems based on their life experiences. They will make you smile if you are a parent or child :o) The watercolor illustrations are also beautiful. Expose your children to all types of artwork and prose and read, read, read!

This book of poems is a treasure! I especially enjoyed the CD that was included in the book. Ms. Andrews reading the poems is as enjoyable as listening to her sing. Several of the poems quickly became favorites and I hope to pass them on to my children and grandchildren! By the way, the poems are not just "kiddie" fare, but entertaining, thoughtful, clever and beautiful and will surely be enjoyed by any age group.

I gave the book to new parents as a gift. I'm not sure my nephew was impressed but his wife "swooned" in his words. She reported that the poems made baby Everett laugh, which sounds like a very positive review to me. I was pleased/impressed that writers such as William Blake and Emily Dickenson were included. My hope was that the parents would read to the baby but the inclusion of an audio CD was a nice addition.

This is a fantastic baby gift!

Beautiful poems and illustrations, every child should have it.

Wonderful gift for my daughter who loves Julie Andrews.
