Day Of The Night Crawlers: A Branches Book (The Notebook Of Doom #2)

Synopsis

Monsters have never been this much fun! This series is part of Scholastic's early chapter book line called Branches, which is aimed at newly independent readers. With easy-to-read text, high-interest content, fast-paced plots, and illustrations on every page, these books will boost reading confidence and stamina. Branches books help readers grow! In this second book in the series, Alexander and his new friend, Rip, try to learn more about the monster-filled notebook. They follow clues left by strange worms called night crawlers. It turns out new monsters are in town--giant fish monsters called tunnel fish--and even a fish-kabob monster! This humorous, action-packed book has fun black-and-white illustrations on every page.

★ Praise for THE NOTEBOOK OF DOOM #1: RISE OF THE BALLOON GOONS "Cranking up the horrorlarity with googly eyed cartoon figures and sight gags on nearly every page, Cummings pitches his nervous but resourceful newcomer into a climactic, all-out battle with an entire army of aggressive, air-stealing bendy balloons." -KIRKUS REVIEWSPraise for THE EENSY WEENSY SPIDER FREAKS OUT! MORE BEARS!"[Artwork that is] infused with zaniness and fun." -SCHOOL LIBRARY JOURNAL

Troy Cummings has been drawing since he was a little kid. His illustrations have appeared in newspapers and magazines, on websites, on frozen-fish-stick packages, and in hospital waiting rooms. He has published two picture books so far: THE EENSY WEENSY SPIDER FREAKS OUT! and MORE BEARS! His third picture book, GIDDY-UP, DADDY! is due out in April 2013. THE NOTEBOOK OF DOOM is his first early chapter book series. He lives in Indiana with his cat and family.

One of my daughters favourite series. She's 8 now but got into these when she was 7 and loves them. Nicely made book. A great, icky storyline according to my daughter.

Grades 1-4 This book has huge boy appeal and bonus - it also has reluctant reader appeal. The pages contain text sprinkled with black and white illustrations (thanks Diary of a Wimpy Kid for the influence!). The story line moves quickly and kids will enjoy this new series about a boy Alexander who has moved to a new town where there are monsters. In the first book he had to fight the balloon goons. In this book, (spoiler alert) it's tunnel fish. I like this series because I think it fills a great gap in books for boys (and girls) who feel like they are done with picture books but don't really have the sustenance to get through a 200 page chapter book on their own. The series doesn't look babyish and on the back it says Reading Level Grade 2. The next book (third) in the series is called The Notebook of Doom Attack of the Shadow Smashers.

My son asked me to read this book to him before he fell asleep tonight and I can see why he loves this series so much. He has already read this book once, it wanted to hear it again, and I don't blame him? Where were these entertaining books when I was 8? The action and humor were fast paced and hilarious. My son can also use this book he has read at home to take his AR quizzes at school. Learning and having fun doing it. I love that even though it is a chapter book, the book still has hilarious illustrations to help the imagination along a bit. I recall hating having to start reading books without pictures so this is a wonderful mix of both worlds. Highly recommend. My son loves the whole series.... Bought here at

Stermont is under siege from worms and hungry fish. Will the SSMP be able to defeat these new monsters and make Stermont's street safe again? READ AND FIND OUT and that's the point of

these books they appeal 1 + 2 grade sensibilities and makes them want to read on their own. Chapters are the right length for reading level grade 1 +2. Gets a 6 year old seal of approval.

My son enjoyed reading this book before bed. He got into the characters. We took turns reading, which my son could usually care less to do this with other books. My son is autistic and the pictures were so exciting for him and assisted in keeping his attention on the book.

My daughter loves all these books!

If you haven't started your children on this series, you really should! Fun stories that are just long enough to hold even the most fidgety child's attention, and they're a wonderful way to get kids to love the concept of a book series!

My son started reading these in second grade. He has read them ALL and LOVES them! So cute and not gross like Captain Underpants, but still a little of the gross stuff and wit that kids like.
